PROBLEMS OF AUTHORITY

edited by John M. Todd

25s.

Two Reform Proposals for the Council:

- (1) *Participation by the laity in the nomination of Bishops*
- (2) *Less secrecy in ecclesiastical courts*

These items from the papers of Archbishop Roberts and John M. Todd were picked out by *Le Monde* as the more important aspects of this book. The theological contributions from Père Fransen on 'The Authority of Councils' and Père Congar on 'The Historical Development of Authority' represent important original work. The book has attracted the very favourable notice of Anglicans (Canon Vidler) and Protestants (Professor Gordon Rupp).

THE A.B.C. OF THE VATICAN COUNCIL
