SPECIAL NOTICE

The second edition of the *Directory of American scholars* is being undertaken by the Science Press. Many of the questionnaires are now in the mail. The Science Press through the co-operation of the American Council of Learned Societies hopes to produce an excellent directory of about 25,000 persons in the various fields included in the directory. It is hoped that those who read this announcement will recall having receiving their questionnaire and will return it as promptly as possible so that the work may be completed, and the directory published by September 1951.

It is also hoped that those who have not received a questionnaire, but were included in the first edition, will notify the editor of the *Directory of American scholars*, Jaques Cattell, Lancaster, Pennsylvania, of a change of address. He has some 2,000 returns which are undeliverable. It would help to receive the sketches corrected for all those who were included in the first edition.
