THIRD EDITION

IT TAKES MORE THAN A CANDIDATE

Why Women
Don't Run for Office

JENNIFER L. LAWLESS
RICHARD L. FOX

THE LATEST EDITION OF A SEMINAL WORK

"This latest work by Lawless and Fox is an all-to-rare thing in social sciences - authors returning again and again to important questions and examining those questions over time, in different contexts, and during different political periods."

KATHY DOLAN, distinguished professor at University of Wisconsin-Milwaukee, and author of *When Does Gender Matter?*

"Despite significant social and political change, women are still much less likely to run for office than men - just as was true two decades ago. Fox and Lawless' original research created an agenda for understanding women's underrepresentation in American politics, and this new book underscores how their insights remain as vital today as ever."

DANNY HAYES, George Washington University, and co-author of *Women on the Run: Gender, Media, and Political Campaigns in a Polarized Era*
