

ABSTRACTS OF COMMUNICATIONS

*Four Hundred and Twenty-third Scientific Meeting
One Hundred and Sixty-ninth Scottish Meeting
Kelvin Conference Centre, Wolfson Hall, West of Scotland Science Park, Glasgow
17/18 MARCH 1986*

	PAGE
HARRISON LYDIA & D'MELLO J. P. F. Large neutral amino acids in the diet and neurotransmitter concentrations in the chick brain	72A
RADCLIFFE M. A., HAY S. C. & CAMPBELL D. M. Effect of litter size on parametrial white fat cell size and lipolysis in lactating rats	73A
WEIR A., RICHARDSON R. A., CARR K., SHENKIN A., GARDEN O. J. & BROWNING G. G. A comparison of continuous and intermittent postoperative nasogastric nutrition after major head and neck surgery	74A
MACLEOD M. G. & JEWITT T. R. Heat production and physical activity in laying hens on an intermittent-lighting regime	75A
KILGOUR E. & VERNON R. G. Activation of pyruvate dehydrogenase in rat white adipose tissue by both insulin and noradrenaline is muted during lactation	76A
ANIL M. H., JESSOP N. & FORBES J. M. Control of liver enzyme activity by the autonomic nerves in sheep	77A
LEIPER J. B. Absorption of water and electrolytes from hypotonic, isotonic and hypertonic solutions	78A
SYMONDS M. E., HANNAH M. J., KIRKMAN RACHEL J. & LOMAX M. A. The effect of intravenous infusion of noradrenaline on lipolysis in adult sheep	79A
McEWAN G. T. A., BURGESS M. N. & LUCAS M. L. Effect of <i>Escherichia coli</i> enterotoxin (STa) on mucosal surface pH in vivo in rat proximal jejunum	80A
CRANWELL P. D., CHANDLER K. D., CAIN C. J., MCGILLIVERY D. J. & HENNESSY D. P. Changes to the pars oesophagea in pigs before and after weaning on to a dry diet	81A

*Four Hundred and Twenty-fifth Scientific Meeting
University of Leeds, Leeds
24/25 MARCH 1986*

WAN JENNIFER & GRIMBLE R. F. Diurnal influences on the metabolic effects of two types of <i>Escherichia coli</i> endotoxin in rats	83A
JOHNSON A. W., CHAN S. T. F., KAPADIA C. R. & DUDLEY H. A. F. The interrelation between glycogen, water and potassium	84A
SINGH S., JOHNSON A. W., MULLEY G. P. & LOSOWSKY M. S. Undernutrition in Alzheimer's disease	85A
BRAY A. J. & KEMM J. R. Use of a computer-administered 'healthy eating' quiz for data collection and health promotion	86A
KEMM J. R., DOUGLAS J. & SYLVESTER V. A survey of infant feeding practice by Afro-Caribbean mothers in Birmingham	87A
RUTTER L. M. & MANN S. J. G. Acute hypoglycaemia inhibits increased luteinizing hormone pulsatility associated with weaning in postpartum beef cows	88A
LEE PAULINE A. & CLOSE W. H. The effects of energy intake in pregnancy and lactation on the reproductive performance of the sow and growth of the litter	89A
CAMPBELL-BROWN M., JOHNSTONE F. D. & KERR GRIEVE J. F. The effect on birth weight of a high-protein, low-carbohydrate diet during pregnancy	90A
ROBINSON J. J., McDONALD I., PENNIE K. & SMART R. I. The body composition of nutritionally-restricted ovine fetuses compared with young fetuses of the same weight	91A
JACKSON A. A., PERSAUD C., McDERMOTT J. & DE BENOIST B. Glycine insufficiency in pregnancy assessed by urinary pyroglutamic acid excretion	92A
SYMONDS M. E., BRYANT M. J., SHEPHERD D. A. L. & LOMAX M. A. Glucose metabolism in shorn and unshorn pregnant sheep	93A
POWERS HILARY J. Maternofetal iron transfer in the riboflavin-deficient rat	94A
PRATES E. R., THIAGO L. R. S., GILL M. & THEODOROU M. K. The effect of conservation method and frequency of feeding on rumen microbial activity	95A
SISSONS J. W., GILL M. & THIAGO L. R. S. Effect of conservation method and frequency of feeding on forestomach motility	96A
THIAGO L. R. S. & GILL M. The effect of conservation method and frequency of feeding on the removal of digesta from the rumen	97A
WATSON N. A. C., PEARSON R. ANNE & ARCHIBALD R. F. Effect of ambient temperature and urea supplementation on the intake of fibrous diets by draught ruminants	98A
BREVES G., GAEBEL G., MARTENS H. & HOELLER H. Phosphate fluxes across the rumen wall mucosa of sheep in vitro	99A
CRUMP ALISON D. & RODWAY R. G. Hypoglycaemia and luteinizing hormone release in the ewe	100A
PHILLIPS N. J. & POND C. M. Adipose tissue cellularity and site-specific differences in adipocyte volume in genetically obese (<i>ob/ob</i>) mice	101A
ROSE S. P. & LEAN A. P. Fatness of laying hens and their response to reduced energy intakes	102A
NOBLE R. C., SHAND J. H., CONNOR K. & BROWN D. Effects of parental age on fatty acid oxidation in vitro by the liver and heart of the chick embryo	103A
EDWARDS C. A., DAVISON P. A., TOMLIN J., BLACKBURN N. A., CRAIGEN L., SUGDEN K., JARJIS H., HESSELL P. G., PARK C., LLOYD-JONES J. G., FLOCKHART I. R., JOHNSON I. T. & READ N. W. The viscosity of viscous polysaccharides may change after ingestion	104A
TOMLIN J., EDWARDS C. A., DUERDEN B. I. & READ N. W. Degradation of guar gum by faecal bacteria	105A

Proceedings of the Nutrition Society

CONTENTS OF VOL. 45, No. 3, SEPTEMBER 1986

The Nutrition Society Questionnaire

ASHWELL MARGARET & COLE T. J. The Nutrition Society in the 1980s: the questionnaire analysis	PAGE 231-252
--	-----------------

DEBATE

*Formed part of the Four Hundred and Fourteenth Scientific Meeting
Robin Brook Centre, St Bartholomew's Hospital, West Smithfield, London
21 MAY 1985*
SALT, A RISK FACTOR IN HYPERTENSION
Chairman: I. MACDONALD, Guy's Hospital Medical School, London

Introductory papers

DRUCE E. Salt technology and dietary intake	253-257
LEVER A. F. Should recommendations be made to reduce dietary sodium intake? The case against recommendations	259-262
BEEVERS D. G. Should recommendations be made to reduce dietary sodium intake? The case for recommendations	263-266
DODSON P. M., WEBBERLEY M. J. & WALDRON S. P. Dietary sodium restriction in the treatment of mild hypertension	267-272
General debate	273-287

SYMPOSIUM PROCEEDINGS

*Four Hundred and Seventeenth Scientific Meeting
One Hundred and Sixty-fifth Scottish Meeting
Dunfermline College of Physical Education, Cramond, Edinburgh
17/18 SEPTEMBER 1985*
NUTRITION AND RESISTANCE TO INFECTION
*Chairmen: DAVID CUTHBERTSON, Department of Biochemistry, Royal Infirmary, Glasgow
P. HOLMES, Veterinary College, Glasgow*

TOMKINS ANDREW M. Protein-energy malnutrition and risk of infection	289-304
BROCK J. H. & MAINOU-FOWLER TRYFONIA Iron and immunity	305-315
SUTTLE N. F. & JONES D. G. Copper and disease resistance in sheep: a rare natural confirmation of interaction between a specific nutrient and infection	317-325
UTERMOHLEN V. & TUCKER M. A. M. Possible effects of dietary n-6 series polyunsaturated fatty acids on the development of immune dysfunction and infection	327-331
BOXER LAURENCE A. Regulation of phagocyte function by α -tocopherol	333-344

*Four Hundred and Nineteenth Scientific Meeting
One Hundred and Sixty-seventh Scottish Meeting
Southern General Hospital, Glasgow
1 NOVEMBER 1985*
NUTRIENT RECOMMENDATIONS FOR MAN—THEORY AND PRACTICE
Chairman: JANET LOWELL, Robert Gordon's College, Aberdeen

BUSS D. H. Variations in recommended nutrient intakes	345-350
WATERLOW J. C. Notes on the new international estimates of energy requirements	351-360
WHITEHEAD R. G. Principles involved in assessing energy, protein and micronutrient needs during infancy	361-367
BLACK ALISON E. The use of recommended daily allowances to assess dietary adequacy	369-381
SHENKIN A. Vitamin and essential trace element recommendations during intravenous nutrition: theory and practice	383-390
