Leicester University Engineering Department Post-Doctoral Research Fellowship

Applications are invited for a research appointment for work on the prediction of stability and performance of free falling subsonic parachutes. Candidates should be qualified in engineering, physics or applied mathematics, and have experimental experience in fluid mechanics.

The post is renewable yearly for two years, at a starting salary not less than £1,764.

Further details and application forms may be obtained from the Head of the Engineering Department, The University, Leicester, LE1 7RH, to whom informal enquiries may also be directed.

NOW AVAILABLE—

an Easy Binder for your copies of THE AERONAUTICAL JOURNAL

Many members have told us they would welcome a quick and easy way to bind and protect the twelve issues of THE AERONAUTICAL JOURNAL they receive each year.

We are introducing a new binder for this purpose, strongly constructed of stiff board, covered externally with blue plastic and with a black satin PVC lining. The curved spine is attractively gold blocked with THE AERONAUTICAL JOURNAL as title and the crest of the Society, and self-adhesive numerals are being supplied in sets of three to cover 1972, 1973 and 1974. Copies of the Journal are secured in the binder on the plastic tape fittings provided. This is a splendid new way to keep all your Journals in perfect condition.

Write now to the Accounts Department, The Royal Aeronautical Society, 4 Hamilton Place, London W1V 0BQ, enclosing a cheque or postal order for £1.25 to secure your first binder.

Permanent binding of THE AERONAUTICAL JOURNAL is still available on quotation from The Society.

PRINTED BY LEWES PRESS LTD, FRIARS WALK, LEWES, SUSSEX, ENGLAND, AND PUBLISHED BY THE ROYAL AERONAUTICAL SOCIETY, 4 HAMILTON PLACE, LONDON, W1V 0BQ, ENGLAND.
