The Hidden Musicians

Music-making in an English Town

RUTH FINNEGAN

This fascinating study of local music in the modern English town of Milton Keynes documents and studies the activities of groups such as the amateur classical orchestras, church choirs, brass bands, Gilbert and Sullivan societies, and the musicians playing in the jazz, rock, folk, and country and western traditions. Ruth Finnegan's unique ethnography demonstrates the active and continuing role local part-time musicians and their supporters play in modern urban society.

STUDYING POPULAR MUSIC

Richard Middleton

Folk song and music hall, Tin Pan Alley and Rock 'n' Roll, punk rock and disco, and now 'roots' music. What has made each of these genres popular, and how best do we study that popularity? Richard Middleton contends and demonstrates that popular music is best understood through interdisciplinary methods.
