

# Crop Physiology Abstracts

*Crop Physiology Abstracts*, a specialist journal available on annual subscription, is one of the 45 abstract journals published by CAB International and prepared from the CAB ABSTRACTS database. *Crop Physiology Abstracts* contains approximately 4800 abstracts each year selected from journal articles, books, conference proceedings and reports published in over 50 languages.

The journal covers horticultural and agricultural crops and forest trees. The following aspects are included:

- Germination ● Growth and senescence ● Reproductive development ● Nutrition ● Translocation and accumulation
- Nitrogen fixation ● Metabolism ● Metabolic inhibitors
  - Enzymes ● Membranes ● Temperature relations
- Photosynthesis and respiration ● Stomatal movement
  - Tropisms and nastic movement ● Water relations
    - Salinity ● Radiobiology

Monthly/Annual Author and Subject Indexes.  
First issued: 1975

ISSN: 0306-7556  
Monthly Publication

Back issues are available from 1975 with substantial discounts on volumes over two years old. *Crop Physiology Abstracts* is also available on floppy disk and tailor-made literature searches and current awareness services can be provided on request.

*Write for details of our special offer for new subscribers*

Normal journal subscription price:  
1991 £193.00 US\$352.00 (Americas only)

1991/92 special 2-year rate **saving at least 5%**  
£366.70 US\$668.80 (Americas only)

Multiple year subscriptions are also available up to a maximum of 5 years.

# Seed Abstracts

*Seed Abstracts*, available on annual subscription, is one of the 45 abstract journals published by CAB International and prepared from the CAB ABSTRACTS database. The database covers the whole field of agricultural research as well as many related applied biological subjects. *Seed Abstracts*, published in consultation with the International Seed Testing Association, contains approximately 4200 abstracts each year selected from journal articles, books, conference proceedings and reports worldwide. These English summaries are taken from primary material published in over 50 languages.

Coverage includes:

- Seed morphology and anatomy
- Seed development
- Seed chemistry
- Seed ecology
- Germination
- Seed production
- Machinery and equipment
- Seed storage and longevity
- Pests and diseases
- Breeding and selection
- Seed processing
- Seed assessment and testing
- Economics and marketing
- Seed regulations

Monthly/Annual Author and Subject Indexes.  
First issued: 1978

ISSN: 0141-0180  
Monthly Publication

Back issues are available from 1978 with substantial discounts on volumes over two years old. *Seed Abstracts* is also available on floppy disk and tailor-made literature searches and current awareness services can be provided on request.

*Write for details of our special offer for new subscribers*

Normal journal subscription price:  
1991 £116.00 US\$215.00 (Americas only)

1991/92 special 2-year rate **saving at least 5%**  
£220.40 US\$408.50 (Americas only)

Multiple year subscriptions are also available up to a maximum of 5 years.
