Erratum to: Psychometrika Vol. 85, No. 1, 232–246, March 2020 <https://doi.org/10.1007/s11336-020-09698-2>

The original version of this article unfortunately contained a typographical mistake in one of the main formula. In Section 3, “A New Effect Size Index”, subscript “1” is missing in Eq. 8. The correct Eq. 8 is given below:

$$\hat{S}_\beta(\theta) = \left\{ \max \left[ 0, (T_{m_1}(\hat{\theta})^2 - m_1)/(n - m) \right] \right\}^{1/2} \quad (8)$$
