

*Unique readings in the field . . .*

**FROM COLLECTIVE SECURITY TO PREVENTIVE DIPLOMACY**  
**READINGS IN INTERNATIONAL ORGANIZATION AND THE**  
**MAINTENANCE OF PEACE AND SECURITY**

*Edited by* JOEL LARUS, *Brandeis University.*

This book examines how the concept of collective security has fared in the League of Nations and the United Nations and why it has been superseded by what the late Dag Hammarskjöld called "preventative diplomacy."

The editor believes that the most revealing way to study the collective peace-keeping operations of the League and the UN is to examine representative case histories. He includes four political crises of League history: the Greek-Bulgarian incident of 1925, Manchuria, Ethiopia, and the 1939 Russo-Finnish dispute. From the United Nations he has selected Korea, Suez, Hungary, and the Congo.

The customary academic essays are interspersed with original source materials; speeches and debates presented before the various organs of the League and the UN as well as from the reports and other pertinent documents. 1965. 556 pages. Paper: \$4.95. Cloth: \$6.95.

**POLITICS IN LEBANON**

*Edited by* LEONARD BINDER, *University of Chicago.* 1966. 345 pages. \$8.50.

## INSTITUTE FOR THE STUDY OF THE USSR

### *The Institute for the Study of the USSR*

is located in Munich, Germany, and has been engaged since 1950 in continuous research and publication on the Soviet Union. Its purpose is to study developments in the Soviet Union and to make the results of its studies available to persons and institutions everywhere.

### *Its Library*

of more than 55,000 volumes is one of the richest specialized collections on the Soviet Union in Europe and is widely used by visiting researchers from all parts of the world.

### *Its Publications*

include books, based on the results of research by staff members and by outside contributors, and periodicals, such as the monthly *Bulletin*, the quarterly *Studies on the Soviet Union* and the weekly *Analysis of Current Developments in the Soviet Union*. Periodicals are also published in Turkish, Arabic, Spanish, German and French and are mailed to more than 25,000 serious students of Soviet affairs throughout the world.

### *Its Activities*

include an accredited summer school, international symposiums, conferences, study seminars and lectures by émigré scholars and other specialists on Soviet affairs.

### *Its Services*

include furnishing information in response to requests from individuals and organizations and providing facilities for advanced resident research.

**ISTITUTO PER GLI STUDI DI POLITICA  
INTERNAZIONALE**

*Via Clerici, 5 = Milano = (Italy)*

It can surely not be considered a waste of time to devote one's efforts to the extension of parliamentary government into international affairs. If mankind can succeed in establishing the rule of law between one country and another it will have removed the one remaining obstacle between itself and that glorious future with which science has been threatening us for decades. *The World Federalist* exists solely to promote world peace through world law. In its coming issues you will be able to read articles by Josue de Castro, Peter Ustinov and Thor Heyerdahl explaining exactly why they agree with the objects of the World Association of World Federalists. And there is also *Senatus Populusque Mundi*, the controversial series by Robert Anson exploring the possibilities of integrating dictatorships into a world federal government.
