

Studies in American Political Development

**CAMBRIDGE
UNIVERSITY PRESS**

Editors

Karen Orren, University of California, Los Angeles
Stephen Skowronek, Yale University

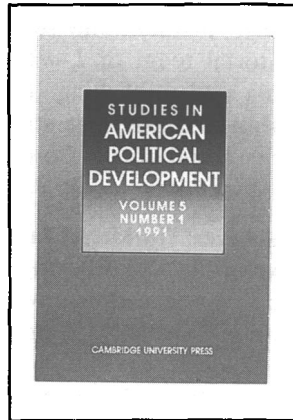

Studies in American Political Development publishes high quality scholarship covering American political change and institutional development from a historical perspective. Articles focus on government institutions and their social, economic and cultural environment. The journal features in-depth original articles, which allow scholars to elaborate on the complex patterns of state-society relations. These longer articles also encourage an interdisciplinary approach-- tying in relevant issues and related themes. In addition, *SAPD* recognizes the importance of comparative politics to the study of American institutions.

THE NEW **Challenging the Social Order in Industrial Ontario, 1914–1925** DEMOCRACY

James Naylor explores class relations in southern Ontario's industrial cities, examining the regional labour movement, employer and state response, and the failure of labour's "new democracy." \$18.95 paper / \$55.00 cloth

'Unlike so much institutional labour history, it is extremely well written.' John Benson, *Labor History Review*

'A very good book that skilfully integrates labour, gender, capital and the state.' Greg Patmore, *Labour History*

'An intelligent and attractive fusion of the old and new approaches to studying Canada's working class.'

The Hébertistes to the Guillotine

*Anatomy of a "Conspiracy" in
Revolutionary France*

Morris Slavin

We have here an account of those popular democrats that even Robespierre and the Committee of Public Safety called ultrarevolutionary. The author's approach is sympathetic, perceptive, and discriminating. Exhaustively researched, this book follows many others by Morris Slavin on the popular radicalism of the French Revolution. If there can ever be a last word on that subject, this is it."

The Labor Wars in Córdoba, 1955–1976

Ideology, Work, and Labor Politics in an Argentine Industrial City

JAMES P. BRENNAN

"An important and well-researched study that offers its readers a detailed account of the rapid development of the Cordoban working class. James Brennan ably demonstrates that the militancy and political radicalism of the workers in the Cordoban region of central Argentina were due not only to the dramatic changes taking place in Argentina's political culture, but also to the dynamic relationship between the factory and society during these years from the fall of the first government of Juan Perón to his return and resumption of power." —Elaine Bernard, Harvard University

"This is the finest study of a crucial episode in recent Latin American labor history. Its use of entirely new sources, the originality of its argument, and the dramatic recapturing of the forces surrounding the upheaval of the Cordobazo will make this book required reading for many students of Latin American history and politics."

—Jeremy Adelman, Princeton University

Labor Will Rule

Sidney Hillman and the Rise of American Labor

STEVEN FRASER

New in Paper! WINNER OF THE PHILIP TAFT PRIZE AS THE BEST BOOK IN AMERICAN LABOR HISTORY FOR 1991. "Sidney Hillman was foremost among the Jewish labor leaders of his generation. . . . Steven Fraser has written what should long endure as the definitive study of Hillman's public career."—Harry Frummerman, *The Forward* \$16.95

The Making of American Exceptionalism

The Knights of Labor and Class Formation in the Nineteenth Century

KIM VOSS

"Voss's book . . . provides a lucid, consistent, persuasive account of both the rise and the fall of the Knights of Labor, arguably the largest leftist working-class movement ever to flourish in the United States." —Charles Tilly, New School for Social Research \$39.95 cloth, \$16.95 paper

Industry and Politics in Rural France

Peasants of the Isère, 1870–1914

RAYMOND A. JONAS

Jonas offers a study of socialist success by focusing on one department in southeastern France, the Isère, where the silk industry converted peasants into workers and brought a thriving and dynamic local economy to towns, villages, and hamlets. \$39.95

Portraits in Steel

PHOTOGRAPHS BY MILTON ROGOVIN
INTERVIEWS BY MICHAEL FRISCH

This powerful book records the unsettling experience of workers who lost their jobs in the steel mills of Buffalo, New York. "Both text and photographs are appealing and revealing—the photographs show us the pride these men and women took in their work."—*Washington Post Book World* \$49.95 cloth, \$28.95 paper

The Workplace before the Factory

Artisans and Proletarians, 1500–1800

EDITED BY THOMAS MAX SAFLEY AND LEONARD N. ROSEN BAND

This collection of essays ranges across a wide variety of crafts and industries to offer a unique perspective on the place of labor in the era before large-scale mechanization. \$37.50 cloth, \$14.95 paper

Transforming Women's Work

New England Lives in the Industrial Revolution

THOMAS DUBLIN

"Dublin's comparative study of women workers in nineteenth-century New England is thoughtful and thorough. . . . It's an elegant and important contribution."—Louise A. Tilly, New School for Social Research. \$35.00
