## **EDITORIAL POLICY**

The **ASTIN BULLETIN** started in 1958 as a journal providing an outlet for actuarial studies in non-life insurance. Since then a well-established non-life methodology did result, which is also applicable to other fields of insurance. For that reason **ASTIN BULLETIN** will publish papers written from any quantitative point of view—whether actuarial, econometric, engineering, mathematical, statistical, etc.—attacking theoretic and applied problems in any field, faced with elements of insurance and risk.

The **ASTIN BULLETIN** appears twice a year. Each issue consisting of about 80 pages.
