

BRYAN APPELYARD

UNDERSTANDING THE PRESENT

science and the soul of modern man

'Intelligent, disquieting, resonant... an extremely thoughtful and important book'

Oliver Sacks

'The first comprehensive and lucid account of the extraordinary changes which have taken place in our understanding of science. This may be the most important book of a new era'

Peter Ackroyd

'A fine book and easy to read. I agree with much he has to say about science and scientists'

James Lovelock

'The account sings... Appleyard is excellent at setting out in layman's language the intricacies of Quantum Theory and the discussion of the computer and Artificial Intelligence World is particularly fine'

Roy Porter

UK PUBLICATION: 8 MAY 1992

Ideas in Chemistry: A History of the Science

DAVID KNIGHT

(Professor of History and Philosophy of Science at the University of Durham)

This account of the development of chemistry illuminates both its intellectual and institutional history.

Contents A biography of chemistry/An occult science/A mechanical science/An independent science/The fundamental science/A revolutionary science/A teachable science/A service science/Notes/Index
0 485 11390 2 1992 £38.00 220pp

Mental Machinery Part I: The Origins and Consequences of Psychological Ideas from 1600 to 1850

GRAHAM RICHARDS

(Chair of the British Psychological Society History and Philosophy Section and is Principal Lecturer in Psychology at North East London Polytechnic)

In this first volume, the author examines the origins of Psychology revealing its relationship with the broader concerns of European cultures.

Contents The 17th century/ Psychological ideas in 18th century/ Three routes to Psychology
Notes/Index
0 485 11394 5 1992 £50.00 400pp

THE ATHLONE PRESS

1 Park Drive, London NW11 7SG

HISTORY OF SCIENCE AND TECHNOLOGY

The Problem of Mind: Evolution, Neuroscience, Philosophy

C. U. M. SMITH

(Dean of the Faculty of Life and Health Sciences at Aston University)

This interdisciplinary approach shows the complementarity of mind and brain and points the way towards a 'natural history'.

Contents Mind and brain/Herbert Spencer and John Hughlings Jackson/The Darwinian world/The nets of language/Beyond the Cartesian metaphor/Towards a neurobiology of affect/Meaning and mapping/Transcendence of the ego
Bibliography/Index
0 485 11413 5 1992 £28.00 320pp, illus

Twenty-one Books of Engines and Machines: A 16th Century Encyclopaedia of Hydrotechnology

ALEX KELLER (Ed and trans)

(Senior Lecturer in the History of Science at the University of Leicester)

A major work in Renaissance and a classic in the early history of technology and engineering from this period. It constitutes an encyclopaedia of the water technologies, covering aspects of civil engineering (canals, bridges) and of mechanical engineering (mills, chopping sugar canes). Over 400 illustrations
0 485 11416 X 1993 £75.00 600pp, illus

The Mendelian Revolution: The Emergence of Hereditarian Concepts in Modern Science and Society

PETER J BOWLER

(Dr Bowler teaches in the Dept of History and Philosophy of Science, Queen's University of Belfast)

This is the first account of the part played by Mendelian genetics in the emergence of modern ideas.

Contents Preface/Mendelianism: Discovery or Invention?/Heredity before Darwin/Evolution and Heredity/The Cell in Development and Heredity/Mendel's Contribution/The Emergence of Mendelism/Classical Genetics/Heredity and Politics/Epilogue: From Classical to Molecular Genetics/Bibliography/Index
ISBN 0 485 11375 9 1989 £35.00 216pp

Rare Books and Manuscripts in the History of
Medicine, Science, and the Occult

CATALOGUE TWO:
ONE HUNDRED EARLY BOOKS ON
MAGIC, THE OCCULT & PSEUDO-SCIENCES,
fully described and annotated.

Also available are lists on PSYCHIATRY & NEUROLOGY,
19th CENTURY MEDICINE, and 20th CENTURY MEDICINE.

THE BRITISH SOCIETY FOR THE HISTORY OF SCIENCE

Membership of the Society, which normally includes a subscription to *The British Journal for the History of Science*, is open to all persons approved by the Council of the Society and elected at an ordinary meeting. The annual subscription for the membership year 1992 is £18.50 (\$40.00) or £9.25 (\$20.00) for associate membership, which includes students at centres of higher education. There is an Introductory Offer for ordinary members who pay £14.00 (\$30.00) for the first year. Applications for membership should be made on a form which is available from the Society's Executive Secretary at the address below.

Meetings: The Society mounts an ambitious programme of meetings. The pattern is flexible, but includes a three-day summer meeting, usually held at a different British University or Polytechnic each year. About four other meetings, lasting for between one and three days, are held during the year, sometimes devoted to a clearly defined theme or an important anniversary, and often arranged in conjunction with other scholarly societies.

The British Journal for the History of Science is the official organ of the Society. All correspondence on the contents of the *Journal* should be addressed to the Editor, Dr J. H. Brooke, Department of History, University of Lancaster, Lancaster LA1 4YG, England. Books for review should be sent to the Reviews Editor, Dr John Henry, Science Studies Unit, University of Edinburgh, 21 Buccleuch Place, Edinburgh EH8 9LN.

Advertising: Contact the Journals Advertising Manager, Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 2RU.

Other publications: BSHS Monograph Series is designed to allow the publication of monographic studies in the history of science quickly and cheaply. All correspondence on the subject of monographs, and any new suggestions for titles, should be sent to the Series Editor, Dr P. Weindling, Wellcome Unit for the History of Medicine, 45–47 Banbury Road, Oxford OX2 6PE, England. Monographs are available to members at a special price, post-free from the Society's Executive Secretary. Non-members may obtain them through bookshops, or post-free from the Executive Secretary. Titles are as follows:

2. *The Letters of Georges Cuvier: A Summary Calendar*. Ed. by Dorinda Outram. 1980. £4.50/\$10.00 (£3.50/\$8.00 to members).
3. *Rationality and Ritual: The Windscale Inquiry and Nuclear Decisions in Britain*. By Brian Wynne. 1982. £7.00/\$15.00 (£5.00/\$11.00 to members).
4. *The Royal Society and Its Fellows 1660–1700: The Morphology of an Early Scientific Institution*. By Michael Hunter. 1982, reprinted 1985. Revised edition pending.
5. *Francis Bacon's Natural Philosophy: A New Source. A Transcription of Manuscript Hardwick 72A with Translation and Commentary*. By Graham Rees, assisted by Christopher Upton. 1984. £7.90/\$17.00 (£5.60/\$12.00 to members).
6. *Archives of the British Chemical Industry, 1750–1914: A Handlist*. By Peter J. T. Morris and Colin A. Russell. Contributing editor John Graham Smith. 1988. £14.50/\$31.00 (£9.00/\$19.00 to members).

Each year, the Society publishes a *List of Theses in History of Science* in British universities. This is available free to members, and at £3.00 (\$6.00) to non-members on request to the Executive Secretary. Standing orders are accepted from members or non-members who wish to receive the list regularly.

The Society's *Newsletter*, an informal publication edited by Dr Frank A. J. L. James, RICHST, The Royal Institution, 21 Albemarle Street, London W1X 4BS, appears in February, June and October each year. It is free to members, £6.00 (\$12.00) for institutions and non-members.

Administrative business of the Society is handled by The Executive Secretary, Wing-Commander G. Bennett, 31 High Street, Stanford in the Vale, Faringdon, Oxfordshire SN7 8LH. The Society is registered in England as a Limited Company (No. 562208) and is a Registered Charity (No. 258854).

Copying: This journal is registered with the Copyright Clearance Center, 27 Congress Street, Salem, MA 01970. Organizations in the USA who are also registered with the C.C.C. may therefore copy material (beyond the limits permitted by sections 107 and 108 of US copyright law) subject to payment to C.C.C. of the per-copy fee of \$5.00. This consent does not extend to multiple copying for promotional or commercial purposes. Code 0007-0874/92 \$5.00 + .00.

ISI Tear Sheet Service, 3501 Market Street, Philadelphia, Pennsylvania 19104, USA, is authorized to supply single copies of separate articles for private use only.

For all other use, permission should be sought from Cambridge or the American branch of Cambridge University Press.

Back volumes are obtainable as follows: Volumes 18–23: Wing-Commander G. Bennett, 31 High Street, Stanford in the Vale, Faringdon, Oxon SN7 8LH. Volume 24 onwards from Cambridge University Press.
