Chapters from the Lives and Careers of the British in Eighteenth-Century Russia
Anthony Cross

Based on an extremely wide use of primary sources from Britain and Russia, this attractively-illustrated book offers a unique and fascinating investigation into the lives and careers of the British in eighteenth-century Russia and, more specifically, into the development of a vibrant British community in St. Petersburg during the city's first century of existence.

Greater Medieval Houses of England and Wales

Volume 1: Northern England

Anthony Emery

This is the first of a three-volume survey of more than 700 greater houses of the fourteenth and fifteenth centuries that survive in England and Wales—the first to be undertaken for over 150 years and by far the most comprehensive to date. Volume 1 describes nearly 200 houses in northern England, and contains over 200 illustrations, 100 plans and maps, appendices and a full bibliography.

Balfour and Foreign Policy

The International Thought of a Conservative Statesman

Jason Tomes

Arthur James Balfour was British prime minister (1902–5) and foreign secretary (1916–19), a conservative and an intellectual. This is the first analysis of his thinking on a full range of international issues, such as British imperialism, Great Power relations in Europe, Africa, the Middle East, central Asia and the Far East, the First World War, the Russian revolution, Zionism, the League of Nations and, above all, the Anglo-American relationship.

English Population History from Family Reconstitution

E.A. Wrigley, R.S. Davies,

J.E. Oeppen, and R.S. Schofield

This study proves that family reconstitution has been particularly successful in obtaining accurate information about the demography of past populations. The authors prove that the results obtained are representative of the demographic situation of the country at large.

English population history from family reconstitution will be an essential source of information for British social historians.

Land and Society in Edwardian Britain

Brian Short

A controversial component of Lloyd George's People's Budget of 1909–10 was the "New Domesday" of landownership and land values. This documentation, long locked away in the Inland Revenue's offices, became available to the public in the late 1970s. Dr. Short offers both a coherent overview and a standard source of reference to this valuable archive.

War and Chivalry

The Conduct and Perception of War in England and Normandy, 1066–1217

Matthew Strickland

This is the first detailed study of the behavior in war of the military aristocracy in England and Normandy from the Norman Conquest to the reign of King John (1066–1217). Though methods of warfare are integral to the book, the emphasis is on conduct in battle and siege rather than with tactics and strategy.

The Modern University and its Discontents

The Fate of Newman's Legacies in Britain and America

Sheldon Rothblatt

This is a study of how the internal culture of British and American universities have been shaped over the course of two centuries in relation to external factors such as government, the economy, society and culture. John Henry Newman's classic work, *The Idea of a University*, provides entry and exit points for this study of the modern university.

Agricultural Rent in England, 1690–1914

**M.E. Turner, J.V. Beckett,
and B. Afton**

This is a study of agricultural rent in England from c. 1690 to the First World War, concentrating on the mechanisms by which rent was paid by tenants to their landlords and building up a rent index that provides a definitive picture of the pattern of rent over the period. The book adds a critical dimension to our understanding of English agricultural history through the period of the so-called agricultural revolution.

Ideologies of the Raj

Thomas R. Metcalf

Metcalf's fascinating study examines the ways the British sought to legitimate their rule over India. He demonstrates that the principles the British devised incorporated contradictory visions of India, yet together they made the authority of the Raj lawful.

Announcing Penguin's New

HISTORY OF BRITAIN SERIES

GENERAL EDITOR: DAVID CANNADINE

HOPE AND GLORY

BRITAIN 1900-1990

PETER CLARKE

Traces not only the milestones of the nation's 20th-century decline but the subtler threads of a cultural and social history: the end of the Victorian boom and the first social reforms; the postwar welfare state; and the consumer culture of the late fifties and sixties which led to the eighties economy and its bleak underside. 480 pp.

Allen Lane

Praise from the British Press:

"Peter Clarke has written one of the classic works of modern history. His erudition is encyclopaedic, yet lightly and wittily borne."

—*The Sunday Telegraph*

"This is a splendid book. If you want a textbook for the century this is it."

—*The Independent*

"While the reading public for which this series is designed will be borne smoothly along on the wonderfully easy flow of Clarke's prose, fellow professionals will pause frequently to relish the skill with which he manages the transitions between topics and themes which a general survey continually requires."

—*The Times Literary Supplement*

A MONARCHY TRANSFORMED

BRITAIN 1603-1714

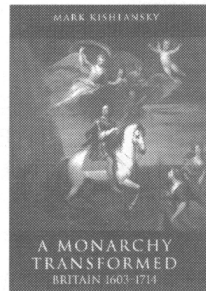

MARK KISHLANSKY

A Monarchy Transformed blends scholarship with insight and imagination to bring Britain's seventeenth century to life, from civil war, constitutionalism, and Puritanism to Shakespeare, the King James Bible and Milton. 400 pp.

Breaking

Boundaries to address crucial issues of our times, to meet head-on questions of theory, practice, and the personal. Moving forward into new areas of scholarship at the intersections of gender, race, culture, class, nation, and sexuality.

Contesting

Categories, consensus, colleagues. *Signs* articles contest and reconfigure such founding terms as: woman, culture, feminist, race, nation. *Signs* authors articulate new theoretical insights and emerging methods to produce complex portraits of social, cultural, and political life.

Provoking

Thought, intense debate, incisive discussion. For more than two decades, *Signs* has published pathbreaking articles of international scope. Now the journal moves forward to highlight new interdisciplinary inquiries and critical practices from diverse cultural sites.

The Journal of Modern History

Founded in 1929, the *Journal of Modern History* is recognized as the leading American journal for the study of European intellectual, political, and cultural history. The journal's geographical and temporal sweep—the history of Europe, including Russia and the Balkans, since the Renaissance—makes it unique in its field. The *JMH* provides the latest research on events and movements in specific countries and current investigations on broader themes that transcend particular times and places.
