Barbara Wright

Trinity College, Department of French, Arts Building, Dublin, Ireland

BOOK REVIEW EDITOR

Robert Cahn

Cambridge University, Department of Material Sciences and Metallurgy, Pembroke Street, Cambridge CB2 1QZ, UK

AIMS AND SCOPE

The *European Review* is an *Interdisciplinary Review Journal* of the *Academia Europaea*. The contents reflect the broad range of disciplines included within the *Academia*, as well as its comprehensive European membership. The review will thus include articles covering a wide range of topics written so as to make them accessible to readers from other disciplines. Each issue will include a special section focused on a particular topic. The articles will be by authors mostly located in Europe and some will relate to specifically European questions.

Authorship is in no way restricted to members of the *Academia Europaea* and the Editors welcome submissions.

ACADEMIA EUROPAEA

The *Academia Europaea* was established in 1988 to bring together scholars from across Europe, East and West, of all academic disciplines. It has already proved to be an admirable medium for tackling problems on a Europe wide basis and especially on an interdisciplinary basis—bringing together scholars from disciplines that would be unlikely to meet otherwise. It organizes symposia at annual meetings which move around Europe and which have covered subjects like the Rights of Minority Groups, the Image of Science, the Study of the Human Genome, Population Migration, and the Search for Meaning in Contemporary Life. It has also established study groups, the first of which has published its findings in a book on 'Schooling in Contemporary European Society'. Other studies are in progress on Problems of Youth in a Changing Europe, Energy Forecasting, Higher Education, Teaching Science in Schools, Social Aspects of Science Policy, and the Idea of Progress.

It can be seen that the *Academia Europaea* has a wide perspective and this is reflected in this Review.

The *Academia* is an independent organization based in London.
