## Learning Zulu

### A Secret History of Language in South Africa

Mark Sanders

*“Learning Zulu* is a brilliant book. Unprecedented in the South African arena and very likely beyond, Sanders’s ‘secret history’ is nothing less than a sustained tour de force and an extraordinary mix of linguistics, literary criticism, cultural studies, legal studies, psychoanalytic theory, and autobiography/memoir. This is very much a book about the psychic and psychopolitical investments involved in acquiring and teaching language in colonial and postcolonial settings.”

—Stephen Clingman, University of Massachusetts, Amherst

# The Journal of Modern African Studies

## Editor

Paul Nugent, University of Edinburgh, UK

Leonardo A. Villalón, University of Florida, USA

*The Journal of Modern African Studies* offers a quarterly survey of developments in modern African politics and society. Its main emphasis is on current issues in African politics, economies, societies and international relations. It is intended not only for students and academic specialists, but also for general readers and practitioners with a concern for modern Africa, living and working both inside and outside the continent. Editorial policy avoids commitment to any political viewpoint or ideology, but aims at a fair examination of controversial issues in order to promote a deeper understanding of what is happening in Africa today. The journal also includes an invaluable book review section.
