Ergodic Theory and Dynamical Systems provides a focus for this important and rapidly developing area of mathematics and an opportunity to bring together many major contributors in the field which are, at the moment, scattered over a large number of non-specialist periodicals.

The ideas of dynamics have proved of great importance not only in areas of mathematics like harmonic analysis, geometry, topology and number theory, but also in physics and other allied subjects. The papers accepted for publication will reflect this diversity.

Expository articles and conference proceedings will be included from time to time and reviews of relevant books will also be published.

Copying: The journal is registered with the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA, 01923. Organizations in the USA who are registered with the CCC may therefore copy material (beyond the limits permitted by sections 107 and 108 of US copyright law) subject to payment to CCC of the per-copy fee of \$05.00. This consent does not extend to multiple copying for promotional and commercial purposes. Code 0143-3856/94 \$05.00 + .00.

Organizations authorized by the Copyright Licensing Agency may also copy material subject to the usual conditions.

For all other use, permission should be sought from Cambridge or the American branch of Cambridge University Press.

Subscriptions: *Ergodic Theory and Dynamical Systems* (ISSN 0143-3857) is published quarterly in March, June, September and December. The Subscription price (excluding VAT) of volume 14, 1994 is £187.00 (US\$339.00 in USA, Canada and Mexico) which includes postage. Single parts cost £48.00 net (US\$87.00 in USA, Canada and Mexico) plus postage. Members of London Mathematical Society may subscribe for £98.00 (US\$180.00). Four parts usually form a volume. EU subscribers (outside the UK) who are not registered for VAT should add VAT at their country's rate. VAT registered subscribers should provide their VAT registration number. Orders, which must be accompanied by payment, may be sent to a book-seller, subscription agent or direct to the publishers: Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 2RU or, in the USA, Canada and Mexico, Cambridge University Press, 40 West 20th Street, New York, NY 10011-4211. Japanese prices for institutions (including ASP delivery) are available from Kinokuniya Company Ltd, P.O. Box 55, Chitose, Tokyo. Second class postage paid at New York, NY and additional mailing offices. POSTMASTER: send address changes in USA, Canada and Mexico to *Ergodic Theory and Dynamical Systems*, Cambridge University Press, 110 Midland Avenue, Port Chester, New York, NY 10573-4930.
