Animal Welfare, the UFAW journal, brings together the results of scientific research and technical studies related to the welfare of animals kept on farms, in laboratories, in zoos, as companions or living in the wild. The aim is to publish information that has welfare benefits across the whole range of species. It is intended to act as a focus for the advancement of animal welfare science and technology in order to help ensure that relevant knowledge is more readily available where most needed. **Opinions expressed by authors do not necessarily reflect the views of UFAW, its Council, Staff, Members or Associates, the Editors or the Editorial Advisers.**

Subscription rates: £50/US\$100 (UFAW members: £40/US\$80) per annum.

Orders: Should be made direct to UFAW and are accepted by Volume, which will consist of four issues per year.

Articles: Instructions for authors are summarized on the inside back cover. Manuscripts should be submitted to the appropriate Editor or to the Editor-in-chief.
