

Congratulations!

to the inaugural winner of the

2016 *MRS Communications* Lecture Award

David C. Martin, University of Delaware

Molecular Design, Synthesis, and Characterization of Conjugated Polymers for Interfacing Electronic Biomedical Devices with Living Tissue

2016 MRS Spring Meeting and Exhibit | Phoenix Convention Center | Phoenix, Arizona

- ▶ *MRS Communications* Lecture
Monday, March 28, 2016, 5:30 pm – 6:30 pm
PCC, 100 Level, Ballroom 120 A

2016 Publications Committee

R.A. Vaia, *Chair*
S.P. Baker, *Editors Subcommittee*
A.J. Hurd, *New Publication Products Subcommittee*
R.J. Nemanich, *Publications Quality Subcommittee*

2016 MRS Committee Chairs

B.M. Clemens, *Academic Affairs*
A. Polman, *Awards*
K. Whittlesey, *Government Affairs*
D.S. Ginley, *Meetings Committee*

Y. Chabal, *Member Engagement*
R.A. Vaia, *Publications*
E. Kupp, *Public Outreach*

MRS Headquarters

T.M. Osman, *Executive Director*
J.A. Dillen, *Director of Finance and Administration*
D. Dozier, *Director of Government Affairs*
P.A. Hastings, *Director of Meeting Activities*
E.M. Kiley, *Director of Communications*

About the Materials Research Society

The Materials Research Society (MRS) is a not-for-profit scientific association founded in 1973 to promote interdisciplinary goal-oriented basic research on materials of technological importance. Membership in the Society includes almost 16,000 scientists from industrial, government, and university research laboratories in the United States and abroad.

The Society's interdisciplinary approach to the exchange of technical information is qualitatively different from that provided by single-discipline professional societies because it promotes technical exchange across the various fields of science affecting materials development. MRS sponsors three major international annual meetings encompassing many topical symposia, as well as numerous single-topic scientific meetings each year. It recognizes professional and technical excellence, conducts tutorials, and fosters technical exchange in various local geographical regions through Section activities and Student Chapters on university campuses.

MRS publishes numerous publications on current scientific developments. *MRS Advances* publishes snapshots of work in progress; article scope offers a focused, in-depth look at key materials topics of current interest. The *Journal of Materials Research*, a premier archival journal publishing materials science research that

demonstrates a significant scientific advance or understanding in materials science, is published twenty-four times a year. *MRS Bulletin* provides comprehensive overviews of specific materials themes along with industry and policy developments, as well as MRS and materials community news and events. Review articles are accepted by proposal or invitation. *MRS Energy & Sustainability—A Review Journal* publishes reviews on key topics in materials research and development as they relate to energy, sustainability, and objective application of economic, sociological and governmental models, enabling research and technological developments. Review articles are accepted by proposal or invitation.

MRS Communications is a high-impact journal focusing on rapid publication of completed research with broad appeal to the materials community.

MRS is an Affiliated Society of the American Institute of Physics and participates in the international arena of materials research through associations with professional organizations such as the International Union of Materials Research Societies.

For further information on the Society's activities, contact MRS Headquarters, 506 Keystone Drive, Warrendale, PA 15086-7573; telephone (724) 779-3003; fax (724) 779-8313.
