

FORTHCOMING EVENTS

Institute of Psychiatry

The following lectures and lecture-demonstrations will be given in the Wolfson Lecture Theatre at the Institute of Psychiatry, De Crespigny Park, Denmark Hill, London SE5 8AF, on Wednesdays at 5.30 pm.

2 February: Dr P. J. Tyrer (Senior Lecturer in Psychiatry, University of Southampton); 'Mechanism and meaning in pathological anxiety'.

9 February: Dr I. M. Marks (Reader in Experimental Psychopathology, Institute of Psychiatry); 'Clinical demonstrations of behavioural psychotherapy'.

16 February: Professor David R. Hawkins (Professor and Chairman, Department of Psychiatry, University of Virginia School of Medicine); 'A review of sleep research in the affective disorders'.

23 February: Dr P. B. C. Fenwick (Senior Lecturer, Institute of Psychiatry); 'The physiology and psychology of heightened states of consciousness'.

2 March: Dr H. J. Campbell (Senior Lecturer, Institute of Psychiatry); 'Peripheral self-stimulation

in the mentally retarded child'.

The lectures are open to all students of the Institute, members of staff of the Joint Hospital, undergraduate clinical students at King's College and Guy's hospitals, and to registrars training in psychiatry in the South East Thames Health Authority area. General practitioners and those engaged in psychiatric social work will also be welcome. The usual recognition of the Department of Health and Social Security postgraduate training allowance and seniority payment is being sought.

Second South-East European Neuropsychiatric Conference

The Second South-East European Neuropsychiatric Conference will be held in Thessaloniki, Greece from 28 September to 1 October 1977. The main topic will be 'Recent Trends in the Treatment of Nervous and Mental Disorders'. Further information from Dr E. Dimitriou, General Secretary, 80 Mikropoleos Street, Thessaloniki, Greece.
