Subscriptions: *Bird Conservation International* (ISSN: 0959-2709) is published quarterly in March, June, September and December in which four parts form a volume, by Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 8RU, UK/Cambridge University Press, 32 Avenue of the Americas, New York, NY 10013-2473. The subscription price (excluding VAT) of Volume 24, 2014, which includes print and electronic access, is £302 (US \$566 in the USA, Canada and Mexico) for institutions; £103 (US \$190 in the USA, Canada and Mexico) for individuals, which includes print only. The electronic-only price available to institutional subscribers is £243 (US \$458 in the USA, Canada and Mexico). Single parts cost £80 (US \$151 in the USA, Canada and Mexico) plus postage. EU subscribers (outside the UK) who are not registered for VAT should add VAT at their country's rate. VAT registered subscribers should provide their VAT registration number. Japanese prices for institutions are available from Kinokuniya Company Ltd, P.O. Box 55, Chitose, Tokyo 156, Japan. Prices include delivery by air. Orders, which must be accompanied by payment, may be sent to any bookseller, subscription agent or direct to the publisher: Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 8RU, UK; or in the USA, Canada and Mexico; Cambridge University Press, Journals Fulfillment Department, 100 Brook Hill Drive, West Nyack, New York 10994-2133. Periodical postage paid at New York, NY and additional mailing offices.

Postmaster: send address changes in USA and Canada to: *Bird Conservation International*, Cambridge University Press, 100 Brook Hill Drive, West Nyack, New York 10994-2133.

Claims for missing issues should be made immediately on receipt of the subsequent issue.

Bird Conservation International is included in the Cambridge Journals Online service which can be found at <http://journals.cambridge.org/>. For further information on other Press titles access cambridge.org/.

Copying: This journal is registered with the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923, USA. Organizations in the USA who are also registered with the C.C.C. may therefore copy material (beyond the limits permitted by sections 107 and 108 of US copyright law) subject to payment to C.C.C. of the per-copy fee of \$16. This consent does not extend to multiple copying for promotional or commercial purposes. Code 0959-2709/2013 \$16.

ISI Tear Sheet Service, 3501 Market Street, Philadelphia, Pennsylvania 19104, USA, is authorized to supply single copies of separate articles for private use only.

Organizations authorized by the Copyright Licensing Agency may also copy material subject to the usual conditions. For all other use, permission should be sought from Cambridge or the American branch of Cambridge University Press.

Cover photograph: The globally Endangered African Penguin *Spheniscus demersus* breeds naturally in guano burrows, which provide shelter from predators and extreme weather conditions. Past guano harvesting has removed much of this habitat and different types of artificial nests have been trialled with varying success. In this issue, Bonnie Lei and co-authors investigate climatic conditions in two different types of artificial nests. Image credit: Lorien Pichegru.

Erratum: The caption for Bird Conservation International 24.1, the March issue, was incorrectly given. The correct caption should have been: Madagascar Fish-eagle *Haliaeetus vociferoides* survives in low numbers along the west coast of Madagascar, and is classified as Critically Endangered on the IUCN Red List. In this issue Razafimanjato *et al.* report on the results of population surveys conducted during 2005-2006. Image credit: Pete Morris/BirdQuest. The publishers apologise for the error.
