

The Comet racer of 1934, flying at 225 miles an hour, set up a new record of 71 hours for the 11,300 miles from Mildenhall to Melbourne.

The speed which was considered fast nineteen years ago has become commonplace for the airliners of today.

But now the new Comet, the world's first jet airliner, is flying the trunk services at 500 miles an hour

PROTECT

YOUR JOURNALS

Depending on the orders received, we hope to give Members, Companies and Libraries the opportunity of buying the Binders illustrated in which the Association's Journals can be readily clipped for preservation and easy reference. Each Binder will hold eight Journals, covering two Volumes.

The price is 13/- (post free) and this includes the title in gold lettering on the spine.

Please send your order as soon as possible to the *Office of the Association*. No money need be sent until requested.

Limited numbers of certain back issues of the Journal are available at 10/6 each to Members who may wish to complete their sets.
