## TEMPORAL BONE SURGICAL DISSECTION COURSE

OFFERED BY

THE DEPARTMENT OF OTOLARYNGOLOGY

THE UNIVERSITY OF MICHIGAN MEDICAL SCHOOL, ANN ARBOR, MICHIGAN

COURSE DIRECTOR: JOHN L. KEMINK, M.D.

1991:                    22–26 April                    27–31 May                    7–11 October                    11–15 November

Intensive one-week courses emphasize the surgical and anatomical approaches to the temporal bone, and are presented in a manner relevant for the otologic surgeon, utilizing lectures, videotapes, and dissection.

Mornings and afternoons are spent in the dissection laboratory, giving extensive drilling experience in temporal bone anatomy and surgical techniques. All instruments and high-speed handpieces will be provided.

Course fee: Physicians \$1,000                    Residents \$750

For further information write:

John L. Kemink, M.D.,

Tel: (313) 936-8006

## INSTITUTE OF LARYNGOLOGY AND OTOLOGY

UNIVERSITY COLLEGE AND MIDDLESEX SCHOOL OF MEDICINE

ROYAL NATIONAL THROAT, NOSE AND EAR HOSPITAL

MSc in AUDIOLOGICAL MEDICINE

A one-year full-time taught course commencing in October 1991 for audiological physicians, otolaryngologists, community physicians, paediatricians and neurologists, leading to an MSc of the University of London.

The course will provide a comprehensive introduction to the scientific, technical and medical aspects of this specialty, and utilizes the facilities and clinical material available at the associated Royal National Throat, Nose and Ear Hospital.

Further details from:

The Course Secretary  
Institute of Laryngology and Otology  
330–332 Gray's Inn Road  
London WC1X 8EE.  
Tel: 071-837 8855 Ext. 4214.

Informal inquiries to:

Professor R. Hinchcliffe  
Professor of Audiological Medicine  
Ext. 4321/4322. Fax: 071-278 8643.

SEVENTH ASIA-OCEANIA CONGRESS OF  
OTORHINOLARYNGOLOGICAL SOCIETIES

2-5 December 1991

*Sponsors*

The Hong Kong Otorhinolaryngological Society  
The Asia-Oceania Association of Otorhinolaryngological Societies  
International Federation of Oto-rhino-laryngological Societies

*Patron*

His Excellency the Governor of Hong Kong, Sir David Wilson, K.C.M.G.

*President*

George Choa

*Organising Committee*

*Chairman*

C. Andrew Van Hasselt

*Secretary*

Buddy Y. K. Wong

I am interested in attending the Seventh Asia-Oceania Congress of Otorhinolaryngological Societies.

Please send further details to:  Prof.  Dr.  Mr  Mrs  Miss  Ms

NAMES: ..... (Family name) ..... (Given name)

ADDRESS: ..... COUNTRY: .....

..... TELEPHONE: .....

..... FAX: .....

I am interested in (please tick the appropriate boxes)

1  Attending the Congress

2  Exhibiting at the Trade Exhibition

To: The Seventh Asia-Oceania Congress of Otorhinolaryngological Societies

Secretariat Office: International Conference Consultants Limited

1/F., 57 Wyndham Street, Central, Hong Kong.

Telephone: (852) 525 3271 / 524 8779 Fax: (852) 840 0564

SECOND NATIONAL HEAD AND NECK ONCOLOGY CONFERENCE

'REHABILITATION OF THE HEAD AND NECK CANCER PATIENT'

UNIVERSITY OF NOTTINGHAM

9-12 April, 1991

A multidisciplinary conference for all professionals involved in the management and rehabilitation of patients with head and neck cancer.

To Include:

Surgery, Radiotherapy, Voice and Laryngectomy, Functional problems and Rehabilitation, Speech, Swallowing, Maxillo-facial prosthetics, Plastic surgery, Cosmesis, Nursing care, Videofluoroscopy, Altered body image, Terminal care, Feeding and Nutrition workshop.

Registration	Doctors	Other delegates
Resident and full board package	£195.00	£165.00
Non-resident - includes lunches	£125.00	£ 90.00

Apply to:

Conference Co-ordinator  
Speech Therapy Department  
University Hospital  
Nottingham NG7 2UH  
Tel: 0602 709221

FONDATION GEORGES PORTMANN  
 CLINIQUE UNIVERSITAIRE D'OTO-RHINO-LARYNGOLOGIE DE BORDEAUX  
 32<sup>ND</sup> ENGLISH COURSE ON MICRO SURGERY IN OTOTOLOGY AND OTONEUROLOGY  
 1-6 July, 1991

Conducted by Professor Michel Portmann, M.D.

- Participation of Jean-Pierre Bebear, M.D. and Guy Lacher, M.D. (*Bordeaux*)
- with collaboration of A. Richards, N. Shah (*London, UK*) and J. Garro (*Washington D.C., USA*)
- and the collaboration of the Staff of the ENT Department of the University of Bordeaux.

A six-day intensive course including:

- Theoretical and practical lectures: basic principles in otological surgery; pathology of the middle ear; impedance audiometry; various techniques of tympanoplasty; reconstruction of the middle ear; agenesis of the ear; ossiculoplasty; facial nerve surgery; surgery for vertigo; oto-neuro surgery (neurinoma etc.).
- Surgical demonstrations on colour TV.
- Temporal bone dissection (equipment provided to each participant).
- Cases presentations.
- Discussion.

The course will be given in English.

CME credit: 59 hours sponsored by the American Academy of Otolaryngology Head and Neck Surgery.

Fee: FF 5 500.

G. Portmann Foundation members, residents in training (with a letter of certification) will benefit of a 20% discount.

BASIC SCIENCE CLASS FOR PART I D.L.O.

8-26 April 1991

This three week, full-time course includes tutorials, practical demonstrations in Anatomy and Physiology and lectures on subjects appropriate to the part I examination.

Course tutor: Dr K. M. Backhouse, O.B.E.

Course fee: £435 (meals and refreshments *not* included).

Applications and further details from:

Cheryl Overington  
 Administrative Assistant to the Director  
 The Institute of Laryngology & Otology  
 330-332 Gray's Inn Road, London WC1X 8EE  
 Tel: 071-837 8855 ext, 4218

PRACTICAL REVISION CLASS FOR PART II D.L.O.

13-22 May 1991

This eight day, full-time course is for students well advanced in preparation for the part II examination. It includes demonstrations of selected clinical cases, *viva voce* examinations and lectures on appropriate examination topics.

Course Tutor: Valerie Lund.

Course fee: £325 (meals and refreshments *not* included).

Application form and further details from:

Cheryl Overington  
 Administrative Assistant to the Director  
 The Institute of Laryngology & Otology  
 330-332 Gray's Inn Road, London WC1X 8EE  
 Tel: 071-837 8855 ext, 4218

TWJ FOUNDATION

The Trustees of the TWJ Foundation invite applications for  
TWJ U.K. OTOLOGICAL THESIS FELLOWSHIPS

It is now generally known that the TWJ Foundation's main purpose is to support the advanced training of the younger Otolologist and that this has been pursued by offering major Travelling Fellowships to centres of excellence usually in North America, smaller grants for short visits to other centres and some support for research.

The future of Otolology in the United Kingdom may well depend on the support of research and academic activities. The young Otolologist acquires his skills when holding full-time appointments during which most of his time is occupied by service commitments. The Trustees know that a number of research projects are carried out and never completed or reported as the worker has not been able to find the extra time needed.

The Trustees therefore intend periodically to offer U.K. Otolological Thesis Fellowships. These will be offered in open competition to a medically qualified trainee of any grade in a post recognized by the Royal Colleges for training in Otolaryngology or Audiology. Applicants will have to show that their project is otological or audiological and has been accepted by a University of the United Kingdom or of Dublin for admission to a higher medical or surgical degree, that the project is in its final stage and that time is required for thought and the writing of the thesis. Applicants will need to be strongly recommended by their professional assessor and the Head of the Department of the Hospital in which they are working.

The value of the grants will vary but the intention will be to allow the holder to take a short period of unpaid leave during which the project will be completed and the thesis presented for a higher degree.

Applicants should approach the Trustees for further information at any time about 18 months after the start of their project.

The Trustees of the TWJ Foundation  
Courtlands, 61 Kingswood Firs  
Grayshott, Hindhead  
Surrey GU26 6ER.

COMBINED UNIVERSITY  
FIFTH COURSE IN ADVANCED OTOLOGY

to be held at

THE LUCAS INSTITUTE, UNIVERSITY OF BIRMINGHAM

and

BIRMINGHAM DENTAL HOSPITAL

between

22 and 27 September, 1991

This course covers all aspects of advanced otological practice and includes a strong Faculty, generous time for practical procedures, symposia and discussion, covering chronic ear disease, vertigo, stapes surgery, implants, tumours and facial nerve surgery. There will be a social programme.

Cost is £708.00 including all meals, accommodation and instruction.

Further details are available from:

The Postgraduate Centre  
Dudley Road Hospital  
Dudley Road  
Birmingham B18 7QH

Telephone Number: 021-554 3801, Ext: 4489

**GLASGOW TEMPORAL BONE COURSES**

37th COURSE – 29, 30 31 MAY 1991

38th COURSE – 9, 10, 11 OCTOBER 1991

AT GLASGOW ROYAL INFIRMARY

## Tutors:

Mr Andrew Baxter F.R.C.S, Prof George G. Browning, M.D., F.R.C.S.,  
Mr Alastair M. Pettigrew, F.R.C.S.

The Courses are primarily designed for Otolologists in training but they will be of interest to more experienced surgeons. Tutorials on otological techniques will complement the main component of the Course which is supervised dissection of the Temporal Bone.

The courses are approved for training in the U.K.

## Further details from:

**THE JOSEPH SOCIETY****EUROPEAN ACADEMY OF FACIAL SURGERY**

There will be a joint meeting of the European Academy of Facial Surgery and the Swedish Society of Esthetic Surgery in Goteborg, 23–24 May 1991.

Topics include Underdeveloped Midface: Mandibular Reconstruction; Rhinoplasty; Flaps in the Facial Region.

## Details from:

M. P. Stearns  
97 Harley Street  
London W1N 1DF.  
Telephone: 071-487 4695.

**MSc IN OTOLARYNGOLOGY**

The University of Glasgow has recently instituted a two-year post-graduate course in Otolaryngology which proceeds to an MSc (Med Sci).

The second course commences in October 1991 and is primarily clinical but includes a dissertation. Candidates are expected to have had at least three years' post-graduate clinical experience. The holding of a P.L.A.B. certificate is desirable but not necessary for admission.

The standard U.K. yearly course fee for overseas graduates will apply. This is currently in the region of £12,210 per year.

Professor G. G. Browning  
Department of Otolaryngology  
University of Glasgow  
Royal Infirmary  
Glasgow G4 0SF  
United Kingdom

**DEPARTMENT OF OTOLARYNGOLOGY, EDINBURGH**  
**A REVISION COURSE IN OTOLARYNGOLOGY**

will be held in the City Hospital, Edinburgh, from 23 to 27 September 1991 inclusive.  
 The Course which is intended for those preparing for post graduate examinations, will cover all aspects of modern otolaryngological theory and practice.  
 Lectures will be given by senior members of staff of the department.  
 Course Fee: £240.  
 Course Organizer: Dr A. I. G. Kerr.  
 Further particulars and application forms from:

Mrs A. J. Pryde  
 Unit Secretary  
 Department of Otolaryngology  
 City Hospital  
 Greenbank Drive  
 Edinburgh EH10 5SB

**OTOLOGY AND AUDIOLOGY COURSE**

The next Otolaryngology and Audiology Course will be held in Glasgow Royal Infirmary, from 22 to 26 April, 1991. It is aimed at trainees at all levels in otolaryngology. The emphasis will be on practical aspects of patient management and will consist of lectures, tutorials and clinical teaching.

The course fee is £260.00 and numbers will be limited to 20.

# Instructions to Authors

**Review Articles.** Articles of this type, preferably not exceeding 3,000 words min will be considered but the author(s) are expected to be a recognised authority on the topic and have carried out work of their own in the relevant field.

**Historical Articles.** Articles of this type are generally encouraged, but it is obvious that they have to provide some new information or interpretation, whether it be about a well-known person or for example an instrument associated with him, but those from within a Hospital's own department who have made a hitherto less well-known contribution would be welcome.

**Letters to the Editor.** This feature has been re-introduced to give those who wish to comment about a paper previously published within the Journal, an opportunity to express their views. Wherever possible, the original author is asked to add his further comment, thereby adding to the value of the contribution. Such letters should be sent as soon as possible after publication of each month's issue of the Journal in the hope of including them as soon as possible thereafter.

'Mini-papers, such as those which appear in the British Medical Journal, Lancet, or New England Journal of Medicine, will not be acceptable except on the rare occasion that they bring information of immediate interest to the reader.

**Pathology.** Articles which are of pathological interest with particular emphasis on the way the diagnosis was achieved now appear on a monthly or bi-monthly basis. It is hoped that clinicians will involve their pathologists in these reports, and all illustrations must be of first-class quality. Where a department, particularly those overseas, may not have such specialized facilities, it may be possible, if a block or several unstained sections are provided for our Adviser to produce or supplement the illustration submitted. Only contributions of particular pathological interest will be accepted.

**Radiology.** Short reports on cases in which the radiology has been crucial in the making of the diagnosis or the management of a particular case now appear on a monthly or bi-monthly basis. This spot is to encourage clinicians and radiologists to produce material of particular interest in the specialty and to encourage co-operation in this field. Only presentations with first-class illustrations can be accepted and these must emphasise a problem of unusual clinical interest.

**Short Communications.** This feature will be used on an occasional basis. Examples of material suitable for inclusion under this title would be, for example: a piece of work which was of clinical interest but had failed to produce findings which were of statistical significance; where an investigative technique has been applied to an allied field, not warranting a further in-depth description of its earlier application and methodology.

'**Silence in Court**'. Articles on medicolegal topics are welcome but a preliminary letter written beforehand is requested to ensure that the contribution would be appropriate.

**View from Abroad.** Short reports by those have been to meetings or trained in part overseas are welcome. They should be both informative and critical but also entertaining.

## Check List for Authors/Secretaries

1. Title page—Titles should be short with names of the authors, higher degrees only and the city/country. Details of the departments in which the authors work should be put lower down.  
An address for correspondence should be supplied together with the author who should receive this and this will ultimately appear beneath the list of references. If the paper was presented at a meeting, the details of this must be given and will be inserted at the bottom of the first page of the printed script.
2. Abstract—No paper will be accepted without this and it adds considerably to the Editor's time to have to write and request this if the paper is accepted.
3. Key Words—only those appearing as Medical Subject Headings (MeSH) in the supplement to the Index Medicus may be used; whereas appropriate word(s) are listed those dictated by common sense/usage should be supplied.
4. To follow the instructions to Authors with the way in which the paper is set out. It is preferred that each section should start on a fresh page with double spacing and wide margins.
5. References must be in the Harvard system; to submit a paper using the Vancouver system is automatically to have it returned or rejected.
6. Two sets of illustrations must be included, one of half-plate size and the other with the width of 80 mm. Illustrations must be clearly labelled with the author's name on the reverse side and where appropriate with an arrow to give orientation.
7. Authors to check manuscript and references to see that these match up particularly for dates and spelling.
8. Title of Journals must be given in full with the date, volume number and first and *last* pages.
9. Consent to be obtained from a patient if a photograph of their face is to be reproduced.
10. If the author to whom correspondence is to be directed changes his address, he should let the Editorial Office know as soon as possible.
11. Page proofs will normally be sent out three months in advance and must be returned as soon as possible.
12. Authors should provide a Facsimile number (FAX) whenever possible to speed communication. The FAX number of the Editorial office is 071-224 1645.
13. Manuscripts with tables only may be transmitted by FAX; those with graphic or visual illustrations, e.g. graphs, X-rays, pathology, electrical records (ENG, BSER etc) must continue to be sent by post as the quality of reproduction does not give sufficient accuracy of detail.
