Editorial

Vitamin D and smell impairment, routine histology for unilateral tonsillar enlargement, and a machine learning model for predicting the three-year survival status of patients with hypopharyngeal squamous cell carcinoma: *J Fishman, E Fisher* 945

Review Articles

A systematic review on efficacy, safety and cost-effectiveness of office-based laryngeal biopsy: *R Swaminathan, S Rosa Opatha, Z Mughal, S Prasad* 946

A systematic review and meta-analysis of prophylactic medication of vestibular migraine: *C Yiannakis, L Hamilton, M Slim, G Kontorinis* 953

Historical use of silver nitrate for the management of epistaxis – evidence-based practice?: *M Green, H Taylor, S Keh* 962

An update on the management of thyroid nodules: rationalising the guidelines: *LQ Li, O Hilmi, J England, N Tolley* 965

Vitamin D and smell impairment: a systematic literature review: *WW Ang, ET Goh, K Lai, I McKay-Davies* 971

Blood tests as biomarkers for the diagnosis and prognosis of sudden sensorineural hearing loss in adults: a systematic review: *A Al-Azzawi, E Stapleton* 977

Pre-habilitation with intratympanic gentamicin in vestibular schwannomas: a systematic review: *T Potdar, G Kontorinis* 985

A systematic review of the role of penicillin versus penicillin plus metronidazole in the management of peritonsillar abscess: *CM Moen, K Paramjothy, A Williamson, H Coleman, X Lou, A Smith, CM Douglas* 992

Main Articles

Partial arytenoidectomy with transoral vocal fold lateralisation in treating airway obstruction secondary to bilateral vocal fold immobility: *A Al Omari, I Atallah, PF Castellanos* 997

A comparison of radiofrequency Coblation and cold steel excision in the treatment of idiopathic vocal process granulomas: *Z Lou, Z Lou, T Lv, Z Chen* 1003

Audit of middle-ear surgery outcomes in a tertiary referral Australian teaching hospital: *S Shah, S Ahmadzada, K Hitos, M da Cruz* 1010

Secondary post-tonsillectomy haemorrhage: is there evidence of diurnal and monthly variation in haemorrhage rates?: *HR Lancer, T Beech, M Weller* 1017

Unilateral tonsil enlargement in children and adults: is routine histology tonsillectomy warranted? A multi-centre series of 323 patients: *D Edwards, S Sheehan, D Ingrams* 1022

Impact of manual crimping on stapedotomy outcomes: *F Couvreur, C Schlegel-Wagner, T Linder* 1027

Effectiveness of 1 and 2 per cent acetic acid solutions in the 2-week treatment of granular myringitis: *S Prakairunghong, T Werawatganon, T Chantarawiwat, L Warnpeurch, S Atipas, K Thongyai, K Suvarnsit, S Limviriyakul* 1034

A machine learning model for predicting the three-year survival status of patients with hypopharyngeal squamous cell carcinoma using multiple parameters: *Z Li, S Ding, Q Zhong, J Fang, J Huang, Z Huang, Y Zhang* 1041

A retrospective study on the outcomes of stapedotomy with vein graft interposition and vein graft surround techniques: *S Colvin, A Lepcha, AM Augustine, A Philip, MD Mammen* 1048

Short Communication

How we do it: using the nasion as a landmark for identifying the anterior ethmoidal artery: *TA Patel, D Lubbe* 1054

Clinical Record

Use of extracorporeal membrane oxygenation for bronchoscopic removal of a tracheal foreign body in a child: *DVT Harischandra, JMRG Jayaweera, A Wickramasinghe, RK Firmin* 1058

Book Review

1062
