# Lady Rachel Russell

*"One of the Best of Women"*

Lois G. Schwoerer

Award-winning historian Lois G. Schwoerer has written a biography that illuminates both political life and the lives of women in late-Stuart England.

Lady Rachel Russell (1637-1723) was regarded as "one of the best of women" by many of the most powerful people of her time. Wife of Lord William Russell, the prominent Whig opponent of King Charles II who was executed for treason in 1683, Lady Russell emerged as a political figure in her own right in the Glorious Revolution and throughout her forty-year widowhood.

Male relatives and friends gave Lady Russell access to the centers of political and religious power; through personal initiative, she circumvented some of the gender restraints her culture imposed and capitalized on the opportunities available to her.

WILLIAM LORD HERBERT OF  
PEMBROKE  
(c. 1507- 1570)

This work is a political biography of a Tudor courtier-councillor, William Herbert, which reveals a different portrait of the man than earlier antiquarian accounts. The author posits that Sir William was a politiquer and a successful politician who was mindful as much of his personal interests as those of his country. This is an entirely new verdict on this Tudor statesman.
