

Announcing

CHINESE JADE

Through the Wei Dynasty

**ALFRED SALMONY, Late Professor of Far Eastern Arts,
New York University of Fine Arts**

THIS UNIQUE VOLUME is the fruition of a lifetime of study by a world-renowned authority on Chinese jade. It presents a detailed, analytic account of this distinctly Chinese art form from the beginnings of Chinese civilization up to the reunification of the Empire under the Wei dynasty.

The only complete survey of the period now available, the book is based on the author's extensive travels and personal knowledge of most of the leading museums and private collections. It discusses the

provenance and usage of major pieces from each period and investigates the symbolism employed. Special attention is given to replacing arbitrary or intuitive methods of dating by controllable ones, thereby providing a firm basis for a complete and substantiated jade chronology.

Over 200 pieces have been superbly photographed and reproduced to bring out the full beauty of their texture and carved detail. 1962. 312 pp. \$30

The Poet Kao Ch'i, 1336-1374

By F. W. Mote

Bridging the Yuan and Ming dynasties in 13th and 14th century China, Kao Chi's life covered a period filled with the turmoil of peasant rebellions and the rise and fall of dynasties. "The book contains much that is new, both in the way of factual information and also in interpretation, in the study of early Ming history. It is the first account in a Western language of the important poet Kao Ch'i."—*James R. Hightower*. "Since Kao Ch'i is not only a highly interesting person in himself but because he represents in his life and thought the contemporary trends of Chinese history and society, his biography is important in the evaluation of a strong personality in Chinese society. No similar biographies exist for this period of Chinese history."—*Hellmut Wilhelm*. 260 pages. \$6.50

Peasant Nationalism and Communist Power

THE EMERGENCE OF REVOLUTIONARY CHINA, 1937-1945

Chalmers A. Johnson

This book offers a radically new and altogether convincing interpretation of the Chinese Communists' rise to power. As the author shows, it was by successfully asserting their claim to leadership of the resistance movement against Japanese aggression in 1937-45 that the Communists obtained the mass following they had long sought in vain. "Mr. Johnson's research on the Chinese Communists' wartime expansion . . . and his comparison of it with that of the Yugoslav Communists, is a pathbreaking work in comparative history. His analysis of national communism as, essentially, social mobilization on a basis of nationalism should stimulate much study and discussion."—John K. Fairbank. November. \$5.75

Moscow and Chinese Communists

SECOND EDITION

Robert C. North

For this new edition, the author has written two new chapters to replace the concluding chapters of the first edition, and has made minor corrections and changes throughout the text. The new edition now covers the first decade of Communist power in China from the point of view of Sino-Soviet relations. REVIEWS OF THE FIRST EDITION: "Robert North has brilliantly pieced together the saga of the Chinese Communist Party. . . . The best short history of Chinese Communism yet published."—Edgar Snow, *The Nation*. "This is one of the big stories of the modern age, and Mr. North brings to it both a clear and flexible narrative style and a wealth of careful research."—John K. Fairbank, *The New Republic*. EARLY CHINESE LITERATURE

By **Burton Watson**

Enabling the appreciative Western reader to surmount the barrier of language and become acquainted with the riches of Oriental literature, this exceptional book provides an account of Chinese writings from the time of the Chou dynasty which ended in 249 B.C., to the middle of the Latter Han dynasty which extended from A.D. 25 to A.D. 220. Historical, philosophical and poetical masterpieces of this period are discussed literarily and illustrated with selected translations. A chronology places the works of known authors in historical relation to each other.

"He has written a readable and authoritative book, one that I shall be happy to recommend."—*James R. Hightower, Harvard University*

"Dr. Watson has accomplished the admirable task of combining sound scholarship with critical acumen in his eclectic treatment of early Chinese literature. His work will be truly a boon to the general reader interested in Chinese literature . . ."—*Shih-Hsiang Chen, University of California*

CHARLES GRANT AND BRITISH RULE IN INDIA

By **Ainslie T. Embree**

The convictions of Charles Grant, servant of the East India Company in Bengal from 1768-1790, and Director of the Company from 1792-1823, raised for the first time controversial questions concerning the nature of British rule over alien peoples. This commanding study of his career and his personal interpretation of the course of policies and events while an active participant in Indian affairs provides valuable insights into the meaning of imperial power and the making of modern India.

NEW KOREA—NEW LAND OF THE MORNING CALM

by **KYUNG CHO CHUNG** author of *KOREA TOMORROW*

Has the democracy we fought to preserve in Korea survived the internal violence of the past two years? What lies ahead for the military junta who now rule a vital outpost of the Free World's defense?

Kyung Cho Chung answers these urgent questions in a book *The Journal of Asian Studies* calls "the most complete, up-to-the-minute survey of Korea available." The reviewer goes on to say that "this candid account represents a unified and scholarly examination of the *REAL* Korea, as seen through the eyes of one of her people—an enlightening commentary on the vital contemporary problems facing this tortured country. Numerous photographs, an excellent map, selected documents and comprehensive bibliography on Korea supplement the text." \$6.00

IMPORTANT PUBLICATIONS

THE NIEN ARMY AND THEIR GUERRILLA WARFARE

1851-1868

By S. Y. TENG. If one is to understand the recent developments in China, he can do so only through a careful scrutiny of Chinese society. The present work is a study of a Chinese rebellion, the Nien-fei or Nien-bandits movement. The subject is a major social and military phenomenon. This thorough examination gives a clearer picture of the decline and fall of China in the late 19th century. (*Le Monde d'Outre-Mer, I: Etudes, 13*)

LAW AND SOCIETY IN TRADITIONAL CHINA

By T'UNG-TSU CHÜ. The aim of this study is to analyse the main characteristics of traditional Chinese law before the introduction of modern law, to explain traditional Chinese law against the background of the social structure of China, and to delineate that social structure as reflected in the law. THE MONGOLS OF AFGHANISTAN

**An Ethnography of the Moghòls and
Related Peoples of Afghanistan**

By H. F. SCHURMANN. This book, the result of researches made during two years, is an ethnography of a people almost totally unknown, even in Afghanistan itself, and a people soon to disappear forever. Since much of the remainder of Afghanistan is similarly little known in the West, the author has included ethnographic notes on related and contiguous peoples, and for comparative purposes has drawn material from other researches on the Central Asian peoples.
