Science in Context

Editors

Leo Corry, *The Cohn Institute for the History and Philosophy of Science and Ideas, Tel Aviv University, Israel*

Jürgen Renn, *Max-Planck-Institut für Wissenschaftsgeschichte, Berlin, Germany*

Science in Context is an international journal edited at The Cohn Institute for the History and Philosophy of Science and Ideas, Tel Aviv University, with the support of the Van Leer Jerusalem Institute. It is devoted to the study of the sciences from the points of view of comparative epistemology and historical sociology of scientific knowledge. The journal is committed to an interdisciplinary approach to the study of science and its cultural development - it does not segregate considerations drawn from history, philosophy and sociology. Controversies within scientific knowledge and debates about methodology are presented in their contexts.

Medical History

An International Journal for the History of Medicine and Related Sciences

Editor

Sanjoy Bhattacharya, *University of York, UK*

Medical History is a refereed journal devoted to all aspects of the history of medicine, health and related sciences, with the goal of broadening and deepening the understanding of the field, in the widest sense, by historical studies of the highest quality. It is associated with the European Association for the History of Medicine and Health, the Asian Society for the History of Medicine, and the World Health Organization's Global Health Histories initiative. The membership of the Editorial Board reflects the commitment to the finest international standards in refereeing of submitted papers and the reviewing of books.

Arabic Sciences and Philosophy

A Historical Journal

Executive Editor

Roshdi Rashed, *CNRS, Paris, France & University of Tokyo, Japan*

Managing Editor

Ahmed Hasnaoui, *CNRS, Paris, France*

Arabic Sciences and Philosophy (ASP) is an international journal devoted to the Arabic sciences, mathematics and philosophy in the world of Islam between the eighth and eighteenth centuries, in a cross-cultural context. In 2009, the journal extended its scope to include important papers on scientific modernization from the nineteenth century in the Islamic world. Together with original studies on the history of all these fields, *ASP* also offers work on the inter-relations between Arabic and Greek, Indian, Chinese, Latin, Byzantine, Syriac and Hebrew sciences and philosophy. Casting new light on the growth of these disciplines, as well as on the social and ideological context in which this growth took place, *ASP* is essential reading for those interested in these areas.

Modern Intellectual History

Editors

Charles Capper, *Charles Capper*

Duncan Kelly, *University of Cambridge, UK*

Anthony J. LaVopa, *North Carolina State University, USA*

Samuel Moyn, *Columbia University, USA*

This important journal serves as a focal point and forum for scholarship on intellectual and cultural history from the mid-seventeenth century to the present, with primary attention to Europe and the Americas and to transnational developments that encompass the non-West. *MIH* enquires into this era's intellectual discourses and texts, their contextual origins and reception, and the recovery of their historical meanings. The journal encompasses various forms of intellectual and cultural history, including political thought and culture, philosophy, religion, literature and literary criticism, social sciences, natural sciences, visual arts and aesthetic theory, communications, law, economic thought, social and cultural theory, psychology, anthropology, music and the history of the book.

Victorian Literature and Culture

Editors

John Maynard, *New York University, USA*

Adrienne Munich, *State University of New York at Stony Brook University, USA*

Victorian Literature and Culture encourages high quality original work concerned with all areas of Victorian literature and culture, including music and the fine arts. The journal presents work at the cutting edge of current research, including exciting new studies in untouched subjects or new methodologies. Contributions are welcomed from internationally established scholars as well as younger members of the profession. Future Editors' topics include 'Food, Drink and the Victorians' and 'Victorian Natural History'. Review essays form a central part of the journal, and offer an authoritative view of important subjects together with a list of relevant works that serves as an up-to-date bibliography. The Works in Progress section allows the communication of parts of major works well in advance of their final publication. The Special Effects section allows publication of primary materials either previously unavailable or unknown to most readers.

THE BRITISH SOCIETY FOR THE HISTORY OF SCIENCE

Membership of the Society, which includes a subscription to *The British Journal for the History of Science*, is open to all persons approved by the Council of the Society and elected at an Extraordinary General Meeting. Details of the annual subscription can be found on our website www.bshs.org.uk or from the Executive Secretary at the address below. There is an Introductory offer for the first year.

The British Journal for the History of Science is the official organ of the Society. All correspondence on the contents of the Journal should be addressed to the Editor, Dr Charlotte Sleigh, School of History, Rutherford College, University of Kent, Canterbury, CT2 7NX, UK, email C.L.Sleigh@kent.ac.uk.

Book reviews: Books for review should be sent to the Reviews Editor, Dr Adam Mosley, School of Arts and Humanities: History and Classics, Swansea University, Singleton Park, Swansea, SA2 8PP, Wales, United Kingdom.

BSHS publications: BSHS Monograph Series is designed to allow the publication of monographic studies in the history of science quickly and cheaply. Monographs 1–13 are available in digital form and can be downloaded for free via the BSHS website. Monographs 12–14 are available via a print-on-demand service.

Recent titles are as follows:

Images of the Earth: Essays in the History of the Environmental Sciences. Edited by L. J. Jordanova and R. Porter. Second edition. 1997. £17.

Science in Art: Works in the National Gallery that illustrate the History of Science and Technology. By J. V. Field and F. A. J. L. James. 1997. £15.

To See the Fellows Fight: Eye-witness accounts of meetings of the Geological Society of London and its Club, 1822-1868. By J. C. Thackray. 2003. £15.

The Society's magazine, *Viewpoint*, an informal publication, appears three times a year. It is free to members, £12.00 for institutions and UK non-members, 17.00 for overseas non-members from the Executive Secretary.

Administrative business of the Society is handled by Lucy Santos, Executive Secretary, British Society for the History of Science, PO Box 3408, Norwich, NR3 3WE. The Society is registered in England as a Limited Company (No. 562208) and is a Registered Charity (No. 258854). Email office@bshs.org.uk.
