JOURNAL OF LARYNGOLOGY AND OTOTOLOGY (JLO) TRAVELLING FELLOWSHIP

Applications are invited for the sixth *Journal of Laryngology and Otology (JLO)* Travelling Fellowship.

Applicants must have been Fellows of one of the Royal College of Surgeons for at least two years and hold an appointment as a Specialist Registrar recognized for Higher Surgical Training in the United Kingdom or the Republic of Ireland. They are expected to be, or to become, subscribers to the *Journal of Laryngology and Otology*.

Applicants are asked to submit a current CV and write up to 1000 words describing where they wish to travel and which aspects of the specialty of otolaryngology they wish to study. It is anticipated that the Fellowship of £2500 will enable the holder to travel for a period of up to two months. A report of the Fellowship will be published in the Journal. Please submit applications to:

The Editors
Journal of Laryngology and Otology
2 West Road
Guildford
Surrey GU1 2AU

The closing date for applications will be Saturday 20th October 1999.

AND

KTP/532 WORKSHOP

CME Accredited by BAO-NHS (23 Points)

Approved by European Laser Association (ELA)

Tyrone County Hospital, Omagh, N. Ireland

11th-14th April 2000

A two day course in Functional Endoscopic Sinus Surgery with hands on nose-sinus endoscopy will instruct the participant with an in-depth account of both morbid and endoscopic anatomy, pathophysiology, diagnosis including imaging techniques and surgical approach with post operative care. Complications and how to prevent them will be discussed in detail.

The course is aided by profuse illustrations, video presentations and live surgery.

The two day KTP/532 workshop aims to instruct the surgeons in both basic concepts and the varied applications in ENT and Head and Neck surgery including tissue interactions of various lasers. The latest techniques with KTP Laser in Tonsillectomy, Functional Endoscopic Sinus Surgery, UP3 and microlaryngeal surgery are discussed by didactic lectures and video presentations.

Live Tonsillectomy surgery will be performed with KTP/532 laser on several patients. The delegates will have 'hands on' training with KTP/532 Laser system with various animal tissue and pig's larynx with micromanipulator.

The course has a limited number of places and these will be allocated on a first come first served basis.

Course Director: Mr S. K. Kaluskar, M.S., F.R.C.S., D.L.O.(Eng.)

EXPLORE THE CHANGING WORLD OF ENT

WITH A SUBSCRIPTION

To one of the most important journals in our exciting profession. With top-quality science and a broad-ranging academic scope, it is easy to understand why, for more than 100 years, the Journal of Laryngology and Otology (JLO) has been at the top of the reading list for the well-informed ENT surgeon.

AFFORDABLE ACCESS

Because the JLO is a charity that exists solely to advance knowledge in ENT, access to this vital source of medical learning is kept intentionally affordable, and you will reap untold benefits by having access to your own library of copies. As well as offering a student rate, the journal is also tax-deductible in many countries therefore you minimise your expenditure.

INTERACTIVE

Under the editorship of Neil Weir and Guy Kenyon, we are building on our solid base of scientific reports to offer cutting edge innovations, such as: our interactive web-site with searchable abstract database and current issue; new international editors appointed to ensure global standards; new sections (such as the hugely popular *Molecular Biology in Otolaryngology-Head and Neck Surgery Series* in 1998); and the sponsorship of Visiting professors and Travelling Fellowships.

With your own subscription, you will be on top of the world of ENT.
