A Member of Legacy Health System
Equal Opportunity Employer

HOSPITAL EPIDEMIOLOGIST/INFECTION CONTROL - Cedars-Sinai Medical Center/UCLA School of Medicine is recruiting for a physician, trained in internal medicine/infectious disease and 3-5 years experience in infection control to develop and implement program on hospital-wide basis. Teaching essential. Academic appointment proposed at appropriate level in academic series. Equal Opportunity Employer. Respond to: Richard D. Meyer, M.D., Division of Infectious Diseases, B-226, Cedars-Sinai Medical Center, 8700 Beverly Boulevard, Los Angeles, CA 90048-0750.

**INFECTION CONTROL
DIRECTOR**

Our expanding healthcare system in the beachside town of Melbourne, on Florida's East Coast, is seeking an experienced RN to join us in the capacity of Infection Control Director.

This position will oversee activities at both of our technologically advanced facilities—468-bed Holmes Regional Medical Center and the new 60-bed Palm Bay Community Hospital. Key responsibilities will include program assessment and development. We prefer to hire an RN with Infection Control certification, a Master's degree in Public Health or related field, and proven experience in acute care infectious disease management.

In return for your expertise, we'll provide an attractive salary and excellent comprehensive benefits package including employer-matched pension plan. You'll also enjoy our beautiful coastal Florida location which offers the advantages of affordable housing and no state income tax.

For immediate, confidential consideration, please phone **Iris Spikes, RN, Nurse Recruiter at (407) 676-7239**. Or send your resume to Iris at: **Holmes Regional Medical Center, 1350 S. Hickory St., Melbourne, FL 32902**. We are an equal opportunity employer.

**Holmes Regional
Medical Center, Inc.**

Techni-CareTM Surgical Scrub

99.99% Bacterial Reduction
in only 30 seconds

Techni-Care...A new technology in a surgical scrub exhibits outstanding antimicrobial efficacy *without* dermal irritation.

Fully substantiated by independent testing in vivo and in vitro, Techni-Care Surgical Scrub both disinfects and conditions in less time than any prior technology available to healthcare personnel.

Results of Time Kill tests demonstrate that Techni-Care eliminates gram negative and gram positive bacteria at 99.99% in 30 second contact.

Outstanding Bactericidal Activity without skin irritation

Techni-Care's active ingredient, chloroxylenol (PCMX) at 3%, eliminates bacteria, while a host of skin conditioning agents work synergistically to condition and soften the skin. Exceptionally mild, Techni-Care's dermal conditioning ingredients, include cocamidopropyl PG-Dimonium Chloride Phosphate, Aloe Vera Gel, Collagen and Propylene Glycol.

Techni-Care has rated a "minimal irritation" in the Draize Dermal irritation test. Specially blended formulation for dermal conditioning, as well as for bacterial reduction. Techni-Care Surgical Scrub is soothing to dermal tissue while phospholipids promote natural turgor.
