Key words: Claiming decision; labor supply; retirement earnings test; social security; H55; D91; C93; corrigendum

This article (Rabinovich and Perez-Arce, 2019) was originally published without the following funding statement.

Research reported in this publication was supported by the National Institute on Aging of the National Institutes of Health and by the Social Security Administration, under Award No. 3R01AG020717. The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Institutes of Health or the Social Security Administration. We would like to thank David Rogofsky, Laith Alattar, Richard Chard, and Barbara Smith for their invaluable input. We also thank Arie Kapteyn, Tania Gutsche, and participants at the Workshop for the Special Issue of the JPEF on “New Longitudinal Data for Retirement Analysis and Policy” for their valuable comments. Programming the Internet survey was Bart Orriens; this research project would not have been possible without him.

The article has now been updated and this corrigendum published.
