An additional person was named as a co-author in the initial publication of this article (Work et al., 2025). Their name has been removed from the article. A portion of the acknowledgments section was also omitted from the initial publication and has now been added.

Also, on page 11 of the article, under the heading *Size reduction of N. Vison*, paragraph 1 line 2, **Figures 5 and 6** should read **Figures 4 and 5**.
