

#### SCOPE OF THE JOURNAL

*Mineralogical Magazine* is an international journal of mineral sciences, published six times a year, which covers the fields of mineralogy, crystallography, geochemistry, petrology, environmental geology and economic geology. The journal has been published continuously since the founding of the Society in 1876 and is a leading journal in its field. As well as research papers the journal also includes book reviews.

#### SUBMISSION OF MANUSCRIPTS

Authors wishing to submit a paper to *Mineralogical Magazine* should first consult the Society's Notes for Authors Submitting Papers to the *Mineralogical Magazine* which can be found on the web site at <https://www.cambridge.org/MGM>. All manuscripts are to be submitted online at <http://www.editorialmanager.com/minmag>. All authors are allowed, free of charge, an e-print of their papers published in the journal.

#### JOIN THE MINERALOGICAL SOCIETY TODAY

If you are a regular reader of *Mineralogical Magazine* consider joining the Society and receiving your own copy six times a year at very modest cost. Membership currently starts at £55 per annum. For this, you will receive bi-monthly copies of *Elements*, our international membership magazine (in full colour) on mineralogy, geochemistry and petrology as well as online access to *Mineralogical Magazine*, *Clay Minerals* and *Elements*. You may also opt to pay an additional premium in order to continue receiving paper copies of our journals. Full details on how to join the Society and an application form can be found on the Society's web site at [www.minersoc.org](http://www.minersoc.org). Membership of the Society introduces you to a vibrant community of those interested in the mineral sciences. Through membership of one or more of the Society's eight special interest groups you can take an active part in the Society's numerous scientific meetings and conferences as described on the website.
