BRITISH ASSOCIATION OF OTOLARYNGOLOGISTS

POLIOMYELITIS INOCULATION AND THE REMOVAL OF TONSILS AND ADENOIDS

The Council recommends that children should be inoculated against poliomyelitis before the removal of tonsils and adenoids. As a safeguard the ear, nose and throat specialist should ascertain from the parent whether the child has received its second inoculation.

It is appreciated that no direct pressure can be brought to bear on parents if they do not wish to have their child inoculated and they can only be warned of the possible risks.

THE ROYAL SOCIETY OF MEDICINE

The Council of the Society has recently made the following awards, on the recommendation of the appropriate Sections: The W. J. Harrison Prize in Otology to Mr. I. B. Thorburn. The W. J. Harrison Prize in Laryngology to Sir Victor Negus. The Norman Gamble Research Prize to Dr. J. D. Hood. A Norman Gamble Research Grant to Mr. J. D. Gray of Sheffield.

The W. J. Harrison Prizes are awarded every alternate year to the Member of the Section of Otology/Laryngology who "in the preceding two years in the opinion of the President, Immediate Past President, Vice-Presidents and Council of the Section has made the greatest contribution towards advancement of knowledge in that Section".

The Norman Gamble Research Prize is awarded for "The best original work in otology completed during the previous four years". The Norman Gamble Research Grant is a grant in aid of research in otology to any British subject, lay or medical, who may be recommended to receive such grants. On this occasion the award has been made to Mr. Gray as a contribution towards his expenses in making films demonstrating the anatomy of the temporal bone.
