

La Canadian Association for Publishing in Philosophy annonce qu'elle a entrepris la publication, en plus du **Canadian Journal of Philosophy**, d'une série de monographies,

**LA PHILOSOPHIE AU CANADA
PHILOSOPHY IN CANADA**

La série comprendra des oeuvres dans tous les domaines de la philosophie, en anglais ou en français. Elle donnera la préférence a des oeuvres canadiennes, et, au moins au commencement, aux monographies d'une longueur de 15,000 a 35,000 mots — trop longues pour être des articles de revue, trop courtes pour être des livres de taille normale. Les manuscrits, une fois redigés, doivent presenter les qualités réquises pour obtenir une subvention du Conseil Canadien de Recherche sur les Humanités. Ils devront premièrement être envoyés à:

**David Braybrooke
Department of Philosophy
Dalhousie University
Halifax, Nouvelle-Ecosse,**

qui aura qualité de directeur de la série pour la C.A.P.P., avec la collaboration d'autres membres de son département.

Les premières monographies à être publiées seront

- (1) Charles B. Daniels et (2) George Englebretsen
(University of Victoria), (Bishop's University)
The Evaluation of Ethical Theories *Speaking of Persons,*

suivies de près — nous l'espérons — de deux monographies ecrites par des auteurs francophones.

The Canadian Association for Publishing in Philosophy wishes to announce that it is undertaking to publish, in addition to the **Canadian Journal of Philosophy**, a monograph series,

**PHILOSOPHY IN CANADA
LA PHILOSOPHIE AU CANADA**

which will include works in any field of philosophy, in French or English. Priority will be given to Canadian material, all else being equal; and at least initially to monographs of between 15,000 words and 35,000 — too long for journal articles, too short to be books of ordinary size. Manuscripts will have to qualify after editing for subventions from the Humanities Research Council of Canada. They should be submitted in the first instance to:

**David Braybrooke
Department of Philosophy
Dalhousie University
Halifax, Nova Scotia,**

who with the collaboration of other members of his department will edit the series on behalf of the C.A.P.P.

The first monographs to be published will be

- (1) Charles B. Daniels and (2) George Englebretsen
(University of Victoria), (Bishop's University),
The Evaluation of Ethical Theories *Speaking of Persons,*

to be followed shortly, it is hoped, by two monographs by francophone authors.

Proof & Truth

Mathematical Logic for Non-Mathematicians

John Woods

A concise, lively introduction to contemporary logic for use primarily at the undergraduate level. Professor James Ford of Laurentian University says, "John Woods has provided a distinctive and useful approach to logic . . . a student who has been introduced to modern logic through this book will have no difficulty in relating its vocabulary and symbolism to more advanced standard works in the field . . . It is John Woods' contention that logic is interesting. It is, and can be seen to be so in the pages of *Proof and Truth*."

John Woods received his Bachelor's and Master's degrees at the University of Toronto and his Doctorate at the University of Michigan. He has been Visiting Scholar at Stanford University and is now teaching at the University of Victoria, Victoria, B.C.
