

NOTICE

The papers marked with * were presented at the Fifth International Congress of Applied Linguistics, Montreal, August 21-26, 1978. We would like to thank the members of the Congress Publications Commission for providing preliminary reviews of these papers.

SSLA policy is to submit contributions to three reviewers, at least one of which is not a faculty member of Indiana University. We are very grateful to the following colleagues who served as evaluators for papers submitted to SSLA for consideration during the academic year 1978-79. They have helped us set high standards for our fledgling journal.

SSLA TO APPEAR IN NEW FORMAT

This number will be the last of the "trial balloon" issues of SSLA. Sales for some of the first four numbers have reached 500, and potential subscriptions have now reached the critical mass stage. We can now hazard the next step, which is the distribution of the journal in a more attractive format, including letterpress typesetting. Look for Volume 3, No. 1 of SSLA in its new format.
