

2019 Travel Grant Recipients

To increase participation in the Annual Meeting, the association awarded travel grants to graduate students, scholars, and special program participants for the 2019 Annual Meeting in Washington, DC. The travel grants subsidize the cost of travelling to the meeting. Every year, Cambridge University Press provides a generous

sponsorship to graduate students. APSA was glad to welcome the following graduate student attendees, scholars, and special program participants to the 2019 Annual Meeting. This list is not exhaustive of all travel grants given by APSA:
