Prehospital and Disaster Medicine (Print ISSN 1049-023X; Electronic ISSN 1945-1938) is published bimonthly in the months of February, April, June, August, October, and December for the World Association for Disaster and Emergency Medicine. by Cambridge University Press, One Liberty Plaza, 20th floor, New York, NY 10006. Periodicals postage rate paid at New York, NY, and at additional mailing offices. PDM incorporates the Journal of the World Association for Emergency and Disaster Medicine and the Journal of Prehospital Medicine.

Aims and Scope: The principal mission of *Prehospital and Disaster Medicine* is the distribution of information relevant to the practice of out-of-hospital and in-hospital emergency medical care, disaster medicine, emergency public health and safety, and disaster mental health and psychosocial support.

Submissions: All manuscripts must be submitted through the Journal's online submission platform, ScholarOne Manuscripts, at <http://mc.manuscriptcentral.com/pdm>. Please review the Author Instructions and Author Checklist available online before finalizing a submission. All studies that include human subjects must be submitted for review or exemption to a formal human subjects ethics committee.

Indexing: PDM is covered by Clarivate Analytics services and indexed and abstracted in the Science Citation Index (also known as SciSearch®) and the Journal Citation Reports/Science Edition. PDM is comprehensively indexed by the US National Library of Medicine (MEDLINE), Scopus®, Cumulative Index to Nursing and Allied Health (CINAHL), and Health Star Cumulative Index. Abstracts and search capability available at <https://www.cambridge.org/core/journals/prehospital-and-disaster-medicine>.

Statement of Peer Review Policy: PDM is a signatory with the International Committee of Medical Journal Editors (ICMJE) and the Committee On Publication Ethics (COPE). All scientific papers published in PDM are submitted to subject content and methods experts for peer review. Authors and reviewers are blinded (not aware of the identity of each other). Peer reviewers must declare that there is not a conflict of interest with any manuscript they agree to review. Peer review is accomplished by means of a standard scoring system and specific comments, the results and contents of which are returned to authors for their review.

Abstracts of the
World Health Organization (WHO)
6th Emergency Medical Teams (EMT)
Global Meeting 2024

5-7 November 2024,
Abu Dhabi, United Arab Emirates

Guest Editors
Kai Hsun Hsiao *and* Flavio Salio

The abstracts of World Health Organization (WHO) 6th Emergency Medical Teams (EMT) Global Meeting, November 5-7, 2024, are published as a special supplement to *Prehospital and Disaster Medicine*.

Peer review process:

Abstracts were reviewed by WHO Emergency Medical Teams, with WADEM collaboration in initial review of abstract submissions, rather than by the standard *Prehospital and Disaster Medicine* peer review process and should not be quoted as peer-reviewed by *Prehospital and Disaster Medicine* in any subsequent publication.

Disclaimer:

The abstracts have been published using author-supplied copy, with only minor editing made to correct spelling, style, and format where appropriate. No responsibility is assumed for any claims, instruction or methods contained in the abstracts, and it is recommended that these be verified independently.

The authors alone are responsible for the views expressed in the articles/abstracts contained in this supplement and they do not necessarily represent the views, decisions or policies of WHO or the institutions with which the authors are affiliated.

Acknowledgement:

The publication of this supplement was funded by WHO.
