Anatomy of the New Testament

A GUIDE TO ITS STRUCTURE AND MEANING

Third Edition

By ROBERT A. SPIVEY, Randolph-Macon Woman's College
and D. MOODY SMITH, The Divinity School, Duke University

1982, 544 pp.

Now in its third edition, *Anatomy of the New Testament* has been updated to keep pace with recent exegetical and historical studies. It also incorporates some modifications and additions to make it even more effective as a text for teaching.
