WEED TECHNOLOGY

Published six times a year by the Weed Science Society of America

Jason K. Norsworthy, *Editor*

The Weed Science Society of America publishes original research and scholarship in the form of peer-reviewed articles in three international journals. *Weed Science* is focused on understanding “why” phenomena occur in agricultural crops. As such, it focuses on fundamental research directly related to all aspects of weed science in agricultural systems. *Weed Technology* focuses on understanding “how” weeds are managed. As such, it is focused on more applied aspects concerning the management of weeds in agricultural systems. *Invasive Plant Science and Management* is a broad-based journal that focuses not only on fundamental and applied research on invasive plant biology, ecology, management, and restoration of invaded non-crop areas, but also on the many other aspects relevant to invasive species, including educational activities, policy issues, and case study reports. Topics for *Weed Technology* include all aspects of weed management in agricultural, horticultural, ornamental, forestry, aquatic, turf, recreational, rights-of-ways, and other settings; weed resistance to herbicides; herbicide resistant crops; biological weed control agents; new weed management techniques; impacts of weed competition with crops; vegetation management with plant growth regulators; weed surveys; weed-related grower surveys; education; and extension. Symposia papers and reviews are accepted. Consult the editor for additional information.

Associate Editors (Assignment Year)

Jason Bond, *Stoneville, MS* (2010)

Kevin Bradley, *Columbia, MO* (2012)

Barry Brecke, *Jay, FL* (2013)

Peter Dittmar, *Gainesville, FL* (2016)

Aaron Hager, *Urbana, IL* (2012)

Charles Geddes, *Lethbridge, AB* (2022)

Katherine Jennings, *Raleigh, NC* (2021)

Prashant Jha, *Ames, IA* (2016)

Amit Jhala, *Lincoln, NE* (2018)

David Johnson, *Des Moines, IA* (2019)

William Johnson, *West Lafayette, IN* (2007)

Vipan Kumar, *Hays, KS* (2020)

Drew Lyon, *Pullman, WA* (2018)

Robert Nurse, *Guelph, ON* (2016)

Sandeep Rana, *Galena, MD* (2021)

Darren Robinson, *Ridgetown, ON* (2008)

Larry Steckel, *Jackson, TN* (2007)

Daniel Stephenson, *Alexandria, LA* (2013)

Michael Walsh, *Crawley, Australia* (2016)

Eric Webster, *Laramie, WY* (2018)

Rodrigo Werle, *Madison, WI* (2022)

R. Joseph Wuerffel, *Vero Beach, FL* (2020)

Tracy Candelaria, *Managing Editor*

Officers of the Weed Science Society of America

<http://wssa.net/society/bod/>

Weed Technology (ISSN 0890-037X) is published by the Weed Science Society of America, 12011 Tejon Street, Suite 700, Westminster, CO 80234. It is published bimonthly, one volume per year, six issues per year beginning in February.

Membership includes online access to *Weed Technology*, *Weed Science*, *Invasive Plant Science and Management*, and the online *WSSA Newsletter*. Dues should be sent to WSSA, 12011 Tejon Street, Suite 700, Westminster, CO 80234 no later than December 1 of each year. Membership in the society is on a calendar-year basis only.

New subscriptions and renewals begin with the first issue of the current volume. Please visit the *Weed Technology* subscription page at <https://www.cambridge.org/core/journals/weed-technology/subscribe>; Email: subscriptions_newyork@cambridge.org in USA, journals@cambridge.org outside USA.

Weed Technology publishes six times a year in February, April, June, August, October, and December. Annual institutional electronic subscription rates: US \$403.00; UK £280.00.

Please use Editorial Manager to access manuscript submissions (<http://www.editorialmanager.com/wt>). Authors are asked to pay \$85 for the first page and \$65 per page thereafter as a portion of the cost of publication, plus an additional processing charge of \$55 per manuscript if none of the authors are WSSA members. The Editor can make exceptions in advance when justified.

The Weed Science Society of America fully subscribes to the belief that progress in science depends upon the sharing of ideas, information, and materials among qualified investigators. Authors of papers published in *Weed Technology* are therefore encouraged, whenever practicable and when state and federal laws permit, to share genotypically unique propagative materials they might possess with other workers in that area who request such materials for the purpose of scientific research.

WEED TECHNOLOGY

VOLUME 36

NOVEMBER–DECEMBER 2022

NUMBER 6

• REVIEW

Weed detection to weed recognition: reviewing 50 years of research to identify constraints and opportunities for large-scale cropping systems

Guy R.Y. Coleman, Asher Bender, Kun Hu, Shaun M. Sharpe, Arnold W. Schumann, Zhiyong Wang, Muthukumar V. Bagavathiannan, Nathan S. Boyd and Michael J. Walsh 741

Spray water quality and herbicide performance: a review

Olumide S. Daramola, William G. Johnson, David L. Jordan, Gurinderbir S. Chahal and Pratap Devkota 758

• SYMPOSIUM

Sustainable weed management – What is it and how are we doing?

Cara McCauley, Travis Legleiter, Rod Herman, Reza Rasoulpour, Jill Schroeder, Todd Pilcher, Karen Meinders and Terry Wright 768

• RESEARCH ARTICLES

Confirmation of dicamba-resistant Palmer amaranth in Tennessee

Delaney C. Foster and Lawrence E. Steckel 777

Narrow-row soybean and a cereal rye cover crop suppress glyphosate-resistant horseweed (*Conyza canadensis*)

Justine L. Fisher and Christy L. Sprague 781

Response of quizalofop-resistant rice to sequential quizalofop applications under differential environmental conditions

Navdeep Godara, Jason K. Norsworthy, Thomas R. Butts, Trenton L. Roberts and Edward E. Gbur 789

Quizalofop-resistant rice response to quizalofop when exposed to low rates of glyphosate and imazethapyr

Navdeep Godara, Jason K. Norsworthy, Thomas R. Butts, Trenton L. Roberts and Edward E. Gbur 800

Influence of gibberellic acid on vegetable crop and weed emergence

Jordan Schuler and Jed Colquhoun 808

Influence of growth stage and dicamba rate on eggplant, cucumber, and snap bean tolerance and yield response

Maggie H. Wasacz, Lynn M. Sosnoskie, Mark J. VanGessel and Thierry E. Besançon 814

Dose-response of plasticulture summer squash and triploid watermelon to fomesafen applied pre-transplanting

Jeanine Arana, Stephen L. Meyers, William G. Johnson and Wenjing Guan 821

Field performance of a red clover germplasm selected for increased tolerance to 2,4-D

Lucas P. Araujo, Tara Burke, Randy Dinkins and Michael Barrett 831

Cereal rye seeding rate does not affect magnitude of weed suppression when planting green within

Mid-Atlantic United States
Teala S. Ficks, Mark J. VanGessel and John M. Wallace 838

Evaluation of rice tolerance and weed control with acetochlor and fenclorim

Tristen H. Avent, Jason K. Norsworthy, Thomas R. Butts, Trenton L. Roberts and Nicholas R. Bateman 844

Rice tolerance to acetochlor with a fenclorim seed treatment

Tristen H. Avent, Jason K. Norsworthy, Thomas R. Butts, Trenton L. Roberts and Nicholas R. Bateman 851

Impact of integrated weed management practices on cotton economics and Palmer amaranth

(*Amaranthus palmeri*) populations
Rodger Farr, Jason K. Norsworthy, K. Badou-Jeremie Kouame, L. Tom Barber, Thomas R. Butts and Trent Roberts 863

Australia's first case of glyphosate-resistant tall fleabane (*Conyza sumatrensis*) and alternative herbicide options for its control

Bhagirath S. Chauhan 876

• EDUCATION/EXTENSION

Potential spring canola yield losses due to weeds in Canada and the United States

Charles M. Geddes, Breanne D. Tidemann, Joseph T. Ikley, J. Anita Dille, Nader Soltani and Peter H. Sikkema 884

• INTRIGUING WORLD OF WEEDS

Knotroot Foxtail [*Setaria parviflora* (Poir.) Kerguelén]: "A sly fox"

Logan M. Dyer, Gerald M. Henry, Patrick E. McCullough, Jason Belcher and Nicholas T. Basinger 891
