Peace Agreements: Their Nature and Legal Status

Christine Bell 373

The term “peace agreement,” a key device for negotiating an end to internal conflicts, remains largely undefined and unexplored. This article describes the various patterns of peace agreements to illustrate how the parties attempt to “legalize” their commitments so as to induce compliance. It argues that peace agreement legalization demonstrates a coherence that merits its consideration as an emerging *lex pacificatoria* or “law of the peacemakers.”

PHILANTHROPY AND THE SOCIETY

The ASIL accomplishes much of its work through charitable support. The Society is grateful to its many members who contribute to the annual fund and the endowment, the foundations whose grants fund special programs, and the law firms, publishers, universities, and others that sponsor ASIL activity. The Society is particularly honored to receive contributions through the Patrons program and to be included in our members' estate plans through the ASIL Heritage Circle. We recognize these contributors below.

PATRONS

Patrons of the Society contribute \$10,000 or more to the ASIL Endowment for International Law. Patrons may also be recognized posthumously upon such a donation being made in their name.
