### Role of minor additions on metallic glasses and composites – CORRIGENDUM

Sergio González

doi: 10.1557/jmr.2015.319, Published by Materials Research Society with Cambridge University Press, 5 November 2015

In “Role of minor additions on metallic glasses and composites,” an acknowledgment was not included at the end of the article. The acknowledgment reads as follows:

Helpful discussions with J. Sort, E. Pellicer, S. Suriñach and M.D. Baró are gratefully acknowledged.

The author regrets this omission.
