# INFECTION CONTROL & HOSPITAL EPIDEMIOLOGY

**The Society for Healthcare Epidemiology of America (SHEA) and the University of Chicago Press are pleased to inaugurate a publishing alliance to bring greater visibility to important research in healthcare epidemiology and infection control. Written by and for infection control practitioners, this peer-reviewed journal will provide you with a monthly forum for all your critical research needs.**

# The Journal of Infectious Diseases

Official publication of the Infectious Diseases Society of America

For more than a century, *The Journal of Infectious Diseases (JID)* has been the premier publication in the Western Hemisphere for original research on:

- The pathogenesis, diagnosis, and treatment of infectious diseases;
- The microbes that cause infectious diseases;
- Disorders of host immune mechanisms.

Major articles in *JID* include research results from microbiology, immunology, epidemiology, and related disciplines. Published twice a month, the Journal responds to rapidly changing research efforts and findings.

## JID Online

Read a sample issue, sign up for RSS feeds, register for e-TOC tables of contents alerts, and use *UpToDate*, the free "topic link" information service – all online at [www.journals.uchicago.edu/JID](http://www.journals.uchicago.edu/JID).
