Ageing & Society is an interdisciplinary and international journal devoted to advancing the understanding of ageing and the circumstances of older people in their socio-economic and cultural contexts. The journal is committed to publishing original and high-quality research papers that substantially contribute to ongoing debates in social gerontology. Ageing & Society welcomes submissions using different theoretical and methodological approaches as long as they aim to advance research, policy and practice and encourage the exchange of ideas across the broad audience of multidisciplinary academics and practitioners working in the field of ageing.
