Call for papers

The Scientific Committee invites authors to submit papers for the 13th International AFIR Colloquium. Please note that the main subject areas for papers are *not* restricted to Pensions and Insurance. On the contrary, both the International AFIR Committee and the Organising Committee would very much welcome papers outside these subjects, in the broader context of AFIR, including Banking and Industry. The deadline for submitting scientific papers in their final form will be **1 April 2003**. The topics and detailed instructions on the format of papers can be found on www.afir2003.nl
