

CORRIGENDUM

Patel, M. X. & David, A. S. (2005) Why aren't depot antipsychotics prescribed more often and what can be done about it? *APT*, **11**, 203–213.

The final sentence under the heading 'Reduced risk of side-effects' (p. 208) should read:

Lengthening the injection interval is also a safe, alternative method for reducing the overall dose of depot typical antipsychotics (Baldessarini *et al*, 1988; Gerlach, 1995; Carpenter *et al*, 1999).
