

# THE INTERNATIONAL HYDROGRAPHIC REVIEW

Half-yearly, 160 pages (approx.) 18 × 27 cm. Price 100 French francs\*  
Yearly subscription 180 French francs\*

Among the papers of interest in the January 1984 issue are:

- Hydrography, A perspective (M. BOLTON)
- Computer-assisted sounding selection techniques (G. MACDONALD)
- A methodological approach to nautical chart design (R. PERROTTE)

PUBLISHED BY THE  
INTERNATIONAL HYDROGRAPHIC BUREAU  
7, av. President J. F. Kennedy,  
B.P. 345-MC 98000 MONACO

The Bureau also publishes monthly  
**THE INTERNATIONAL  
HYDROGRAPHIC BULLETIN**

A bilingual journal—English and French—giving news of hydrographic activities worldwide. Lists in detail charts published by Member States of the International Hydrographic Organization, and contains a selective bibliography of recent works in the fields of hydrography, descriptive oceanography, navigation, cartography, etc.

Approx. 30 pages, 21 × 30 cm, 12 French francs per copy\*  
Yearly subscription: 120 French francs\*

## Faculty of Maritime Studies

### **BSc & BSc (Hons) NAUTICAL STUDIES**

3 year full-time course

### **BSc & BSc (Hons) FISHERY SCIENCE**

3 year full-time course

### **BSc & BSc (Hons) COMBINED STUDIES**

3 year full-time course with modules in  
TRANSPORT, OCEAN SCIENCE and  
ASTRONOMY

### **MSc**

### **INTERNATIONAL SHIPPING**

1 year full-time course

### **DIPLOMA IN MANAGEMENT STUDIES (SHIPPING):**

8-month full-time course for shipping man-  
agers and senior officers

### **DIPLOMA IN HYDROGRAPHIC SURVEYING**

9-month full-time course for surveyors and  
officers holding Masters (FG) Certificate

### **DEPARTMENT OF TRADE COURSES**

Class 1 (Master Mariner), Class 2, Senior  
Officers' Refresher and Command Endorse-  
ment courses

### **SHORT COURSES**

Radar Simulator; ARPA; Ship Captain's  
Medical; Weather Routeing; Restricted R/T,  
etc.

## FUNCTIONS PROGRAMME 1983-84

7th September, 1983, 1730-1800: General Meeting 'R.O.V. as a Survey Tool'. Mr D. Barnes of Sub Sea Offshore Ltd., to be held at Sub Sea Offshore Base, Greenwall Road, East Tullos, Aberdeen (to take place during the Offshore Europe Conference and Exhibition).

October, 1983: Netherlands Branch Workshop, to be held in Amsterdam.

12th-13th October, 1983: U.S. Branch Workshop.

16th November, 1983, 1730-1800: General Meeting 'Installation of the NW Hutton T.L.P.' by Mr George White, Conoco UK Ltd., and Mr N. C. Kelland, Sonardyne Ltd., to be held at Britannic House, EC2.

2nd December, 1983: Netherlands Branch Workshop, to be held in Amsterdam.

January, 1984: Presentation (time, date and venue to be fixed).

'The National Maritime Data Base' with speakers from I.G.S., I.O.S., and the Hydrographic Branch (M.O.D.).

15th February, 1984, 1730-1800: Short presentation, jointly with R.I.C.S. and I.C.E. 'Hydrographic Surveying for Charting Purposes - The State of the Art' by speakers from Hunting Surveys Ltd., to be held at Britannic House, London, EC2.

18th April, 1984, 1730-1800: General Meeting 'Aspects of Marine Geophysics' by Dr C. D. Green of S.I.P.M. to be held at Britannic House, London, EC2.

25th-27th April, 1984: National Ocean Service Hydrographic Conference: - co-sponsored by US Branch.

Theme: Hydrography - Hands-on to High-Tech. To be held at the Holiday Inn International, Rockville, Maryland.

3rd-7th September, 1984: International Hydrographic Technical Conference. To be held in Plymouth.

The XII A.G.M. will be held in Plymouth during I.H.T.C. 84.

Meetings held at Britannic House are by kind permission of British Petroleum Company Limited.

Enquiries concerning the above functions may be made to:

Mrs J. Ekblom, The Hydrographic Society, Asta House, 156-164 High Road, Chadwell Heath, Romford, Essex RM6 6LX.

## THE ROYAL INSTITUTE OF NAVIGATION

**T**HE OBJECT of the Institute is to unite in one body those who are concerned with or who are interested in the science and art of navigation. Membership is not restricted to those who hold professional qualifications, but is open to others who wish to further the aims of the Institute.

By coordinating the knowledge and achievements of marine and air navigators, scientists and those associated with the development and production of navigational equipment, the work of the Institute is directed towards raising the standard of navigation. In the field of education it is the aim of the Institute to bring practical navigators into contact with teachers and research workers to increase a common appreciation of the issues involved. It is an object of the Institute to encourage research in equipment and methods; through its publications it gives a wide circulation to original work on navigation so that new developments and suggestions can be appreciated by those most directly concerned with them.

The activities of the Institute include the holding of monthly meetings to discuss specific problems, the publication of a Journal and of other works concerned with different aspects of navigation, and such other activities as the Council may deem necessary to promote knowledge in navigation and its associated sciences.

*The Journal of Navigation* is issued free to all Members and contains a full account of the Institute's proceedings. It prints the papers which are presented at meetings, together with their ensuing discussion, and other original papers contributing to the science of navigation. It also contains a record of current navigational work, reviews of important books, and general papers of interest to navigators and those with similar interests.

The work of the Institute is coordinated with that of similar societies abroad, whose proceedings are available to members.

**Membership.** There are five classes of membership of the Institute:

(1) HONORARY MEMBERS, who shall be distinguished persons upon whom the Council may see fit to confer an honorary distinction.

(2) FELLOWS, who shall be members, of at least three years' standing who, in the opinion of the Council, have made a contribution of value to navigation.

(3) MEMBERS, who shall be persons over twenty-one years of age who can satisfy the Council of their interest in navigation.

(4) STUDENT MEMBERS, who shall be persons under twenty-five years of age studying with a view to making navigation, or an allied interest, their career.

(5) CORPORATE MEMBERS, who shall be companies, universities, navigation schools, government departments and other organizations, here and abroad, who are directly or indirectly interested in the science of navigation. Corporate Members are entitled to send representative to all Institute meetings and to receive six copies of the *Journal*, and other publications. They are encouraged to take an active part in the Institute's work. Applications should be sent by letter addressed to the Director.

**Subscriptions.** Annual subscriptions to the Institute are payable in advance as follows:

Members and Fellows . . . . .	£21.00
Student Members . . . . .	£7.00
Corporate Members . . . . .	£140.00

The Institute's financial year begins on 1 July. Members in any category who are elected after 1 January in any year are only due for one half of their subscription until 1 July, when the full subscription for the next year becomes due.
