## **Business Ethics Quarterly**

*Business Ethics Quarterly* (BEQ) is a peer-reviewed scholarly journal that publishes theoretical and empirical research relevant to the ethics of business. Since 1991 this multidisciplinary journal has published articles and reviews on a broad range of topics, including the internal ethics of business organizations, the role of business organizations in larger social, political and cultural frameworks, and the ethical quality of market-based societies and market-based relationships. It recognizes that contributions to the better understanding of business ethics can come from any quarter and therefore publishes scholarship rooted in the humanities, social sciences, and professional fields.
