SMITH'S SMALLER

LATIN-ENGLISH DICTIONARY

Revised Edition by J. F. Lockwood, M.A.

During the fifty years that have elapsed since the appearance of the last Revised Edition of Dr. Smith's 'Smaller Latin-English Dictionary' the researches of scholars have succeeded in producing more accurate texts of the classical authors and a clearer understanding of the character and history of the Latin language; and the teaching of the classics has simultaneously undergone some change. The primary object of the present edition was, therefore, to bring up to date the information contained in this dictionary and to provide the student with the means to a better appreciation of the meaning and usage of the words and language which he is handling. The whole of the text has been reset in larger type, in two columns. 9s.
