# LANGUAGE AND COGNITION

THE JOURNAL OF THE UK COGNITIVE LINGUISTICS ASSOCIATION

*Language and Cognition* is a venue for the publication of high quality peer-reviewed research of a theoretical and/or empirical/experimental nature, focusing on the interface between language and cognition. It is open to research from the full range of subject disciplines, theoretical backgrounds, and analytical frameworks that populate the language and cognitive sciences, on a wide range of topics. Research published in the journal adopts an interdisciplinary, comparative, multi-methodological approach to the study of language and cognition and their intersection.
