## THE RENAISSANCE IN ENGLAND

*Non-dramatic Prose and Verse of the 16th Century*

1026 pages \$7.50

Hyder E. Rollins and Herschel Baker

'The superior feature of this beautiful volume is that for almost every selection it contains, one or more others are included which, read with it, throw the most revealing light on its sense or style—a light far too revealing to be the result of chance or of special discernment in the reader. The editors are to be congratulated, for they have surely produced a masterpiece.'
