Surveyors of the Liguasan Marsh

Antonio Reyes Enriquez

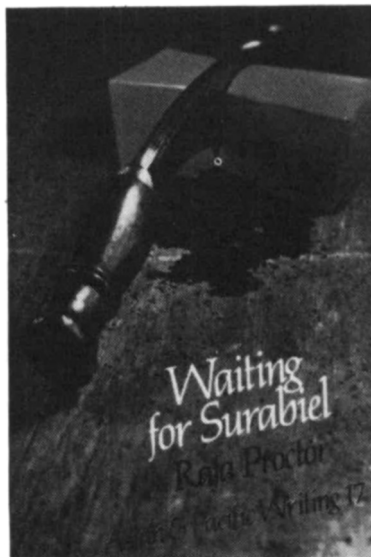

A young man growing up on the Philippine island of Mindanao takes a job as a surveyor of the island hinterland and there confronts nature in the raw, primeval state. He learns to fear the Moros, the lawless Muslim Malay tribe who practice macabre methods of killing and mutilation. Enriquez won critical praise for his collection, *Dance a White Horse to Sleep*. \$18.00 / paper \$9.75

Seven Sixes Are Forty-Three

Kiran Nagarkar

Translated from the Marathi by Subha Slee

Hailed as a literary landmark when published in India in 1974, this novel is now translated into English. Its discontinuous narrative form draws the reader into a cycle of themes — loneliness, separateness, the essence of death seeping through our lives. The author prods these themes, but with humor and irony. This is an adventure for the reader with curiosity and imagination. \$15.75 / paper \$8.50

Waiting for Surabiel

Raja Proctor

A panoramic and moving novel of village life during the struggle for independence in Ceylon, now Sri Lanka. It tells of Kalutanti-rige Surabiel, the eldest and rebellious son of a typical tea-estate, up-country village family. Raja Proctor has published two previous novels. \$18.00 / paper \$9.75

The Torres Strait

People and History

John Singe

A handsome, well-illustrated introduction to the Strait region, its people, their past and prospects for the future. Once the scene of head hunting warriors and pearling adventures, the Strait Islands are now a strategic wedge between Papua New Guinea and mainland Australia. \$24.25

JAPAN AND ITS WORLD

Two Centuries of Change

MARIUS B. JANSEN

"A brilliant synthesis. The author has clearly directed his remarks to a general audience interested in American-Japanese relations, in Western influences on Asian civilizations, and in Japanese perceptions of the world around them. Only a mature scholar with many years of wide reading in historical sources could have done this sort of writing."—*Nobutaka Ike, Stanford University*

POLITICAL OPPOSITION AND LOCAL POLITICS IN JAPAN

**Edited by KURT STEINER, ELLIS
S. KRAUSS, and SCOTT C.
FLANAGAN**

Japan's national government, and most of its local governments, have been in conservative hands for more than three decades. Recently, however, the strength of progressive opposition forces has been increasing at the local level. The contributors to this volume analyze electoral trends and social change, citizens' movements against environmental pollution, and progressive local administrations, adding Japan to the field of comparative local politics.

Novels by *R. K. Narayan*

While capturing the unique flavor of Indian culture and history, Narayan also evokes the universal experiences of childhood and growing up, first love and the coming of age. His style, marked by a gentle humor, makes us aware of both man's foibles and his capacity for wisdom and compassion. Reading these novels brings not only a better understanding of India and Indians, but also a deeper understanding of human nature.

K.M. de SILVA

A History of Sri Lanka

A commanding synthesis of the major political, economic, and cultural forces that have shaped the destiny of Sri Lanka over the past 2,500 years. Centuries ago this small island was a center of Buddhist civilization; today Sri Lanka is one of the few mature, prosperous third-world democracies. de Silva recounts the years separating these epochs of prosperity—years of incessant strife and growing Western influence. He concludes with an evaluation of this relatively new independent state. “Will be the standard one-volume work on the history of Sri Lanka.” —Robert N. Kearney \$38.50

Marxist Literary Thought in China
The Influence of Ch'ü Ch'iu-pai

Marxist aesthetic thought has dominated Chinese literary life for half a century, but little is known about how this distinctive Western school of thought came to be accepted. Siberian Development and East Asia

Threat or Promise?

Allen S. Whiting. This is a probing analysis of the strategic, economic, and political implications of future Soviet development of the resource-rich territories of eastern Siberia, which could soon become a major world supplier of natural gas, coal, petroleum, wood pulp, and minerals. Emphasizing the area's potential as an arena for international enterprise, the author considers the use of foreign investment and technology. Because the job of further development is clearly too big to be handled efficiently by Soviet capital and technicians, a number of international projects have already been mounted. Thus the Japanese have joined the Soviets in offshore oil exploration near Sakhalin, and a joint Soviet-Japanese-American natural gas project in Yakutia has been proposed. More such projects are in the planning stage. The author presents the divergent perspectives of the U.S.S.R., the United States, China, and Japan on this matter, concluding with comments on U.S. policy alternatives. \$22.50

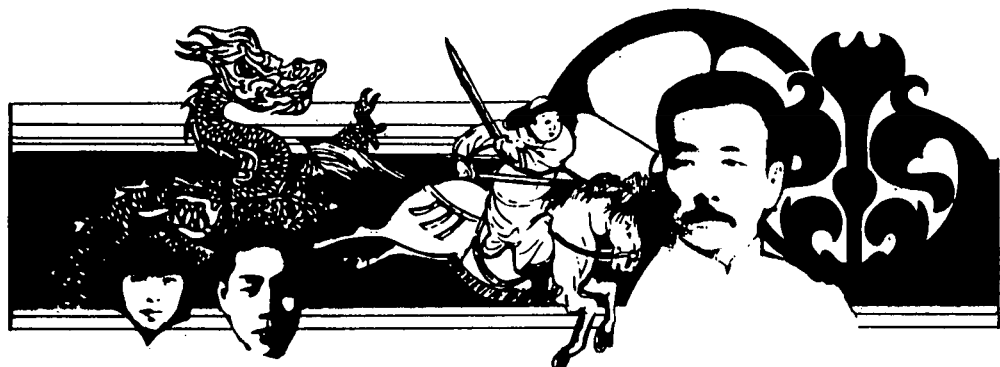

Organizing China

The Problem of Bureaucracy, 1949–1976

Harry Harding. Since establishment of the People's Republic in 1949, Chinese Communist leaders have constructed an administrative apparatus that has exercised broader and tighter control over Chinese society than any government in the country's history. This is a history of the development of Chinese organizational policy—a topic of constant concern and often strident debate—from 1949 to the death of Mao Tse-tung in 1976. The author argues that Chinese organizational policy has been controversial because of the complexity of administrative problems, the effects of policy changes on the distribution of power and status, and the philosophical dilemma of whether the efficiency of modern bureaucracy outweighs its social and political costs. He also shows how extreme approaches, such as demands during the Cultural Revolution that bureaucracy be destroyed altogether or proposals during the 1950's that the bureaucracy be rationalized, have been repeatedly rejected in favor of a policy more in keeping with much of Chinese tradition. \$29.50

Colonialism and Cold War

The United States and the Struggle for Indonesian Independence, 1945-49

By **ROBERT J. McMAHON**. The author looks closely at what is clearly one of the most fundamental and controversial aspects of U.S. foreign policy in the 20th century: American response to revolutionary nationalism in the Third World. McMahon traces the evolution of American policy during the Dutch-Indonesian conflict and analyzes the factors that altered the course of that policy. \$22.50

Matriliney and Migration

Evolving Minangkabau Traditions in Indonesia

By **TSUYOSHI KATO**. Focusing on Minangkabau matriliney and its relationship to migration, the author has written a comprehensive and authoritative study of the society, history, and traditions of this complex people. \$22.50

Thailand

Society and Politics

By **JOHN L.S. GIRLING**. This authoritative work takes a close look at the political, economic, and social factors that have helped to shape Thai history since the 1930s. "The best book on Thailand available today, it is must reading for scholars, diplomats, journalists, and students."—*Choice*. (Politics and International Relations of Southeast Asia series) \$24.50

The Endangered Sex

Neglect of Female Children in Rural North India

By **BARBARA D. MILLER**. The author investigates the problem of why boys greatly outnumber girls in rural north India. It appears that the outright female infanticide of the 19th century has been transformed into a more subtle practice—deliberate neglect and discrimination against females. \$17.50

The Arts of India

Edited by BASIL GRAY. In a luxurious format, this new book surveys Indian art through the ages—from prehistoric wall painting to modern art. Written for a general audience by eleven specialists, including Pramod Chandra and Aschwin de Lippe, it discusses painting, sculpture, architecture, the garden, decorative arts, and folk arts. (Cornell/Phaidon Books) 48 color plates, 200 b&w photos. \$55.00

The United States and the Philippines

A Study of Neocolonialism

Stephen Roskamm Shalom

"Stephen Shalom has produced an outstanding study of the impact of U.S. policy on the Philippines in the post-war period. . . . This is a book that should be carefully avoided by people that would like to believe the doctrines of the propaganda system, and correspondingly, it is essential reading for those who prefer to understand the realities of the contemporary world."

Miwuyt Marriage

The Cultural Anthropology of Affinity in Northeast Arnhem Land
Warren Shapiro

In an attempt to shed new light on the so-called "Murngin controversy," Warren Shapiro spent two years in Australia's northeast Arnhem land studying the kinship patterns of the Aborigines. Shapiro finds the Aborigines of the Arnhem land region to be structurally closer to other Australian Aboriginal social organizations than to the "asymmetric alliance systems" of Southeast Asia, as was previously thought.

The Modern History of Japan

Third Revised Edition

W. G. Beasley,
University of London

"Professor Beasley's judicious and scholarly study is an authoritative contribution to the serious literature... The book as a whole maintains a uniformly excellent standard of information and comment." —Times Literary Supplement, on the first edition

This third edition of Professor Beasley's comprehensive history of modern Japan has been thoroughly revised and updated to incorporate new information which has become available since the publication of the second edition. The narrative has been brought up to the 1980s, providing a full account of economic, political and social developments in Japan during the 1970s. The bibliography has also been expanded and updated, to help students extend their reading through the latest literature.

Marriage in Changing Japan

Joy Hendry,
*St. Antony's College,
Oxford*

Joy Hendry here explores the ways in which marriage practices and attitudes towards marriage and the family have changed in Japan in the years since the end of World War Two. Approaching her subject from two perspectives, the author first presents a detailed ethnographic study of the institution of marriage in a particular community in Kyushu. She then analyzes this material in light of other historical and ethnographical writings on Japan, placing the regional material in a national context and bringing together a wealth of information about Japanese marriage hitherto unpublished in English.

Asia The Winning of Independence

edited by Robin Jeffrey,
Latrobe University

This volume traces the struggle for and winning of independence in five Asian nations: the Philippines, India, Indonesia, Vietnam and Malaya. For each country, the book analyzes the social forces that generated nationalist movements, identifies the groups that came to power between 1945 and 1957, and describes the nature of independence thereby achieved. The study also allows comparison of American, British, French and Dutch styles of imperialism and offers provocative arguments concerning the roles played by colonial governments, nationalist leaders and the Asian peoples in the different countries' struggles for independence.

China Politics and Government

Anthony Saich,
*Newcastle-upon-Tyne
Polytechnic*

An up-to-date, authoritative guide to the politics and government of the People's Republic of China, this book makes extensive use of newly available information and statistics in order to give a clearer interpretation of Chinese political development during this century than has heretofore been possible. The author provides the historical background essential for understanding present-day China, considers the direction of Chinese politics in the post-Mao era, analyzes the use made of new or revived structures to achieve the country's prescribed goals, and describes and assesses the power structure of the new regime under Deng Xiaoping.

MUSASHI

AN EPIC NOVEL OF
THE SAMURAI ERA

by **Eiji Yoshikawa**

foreword by
Edwin O. Reischauer
translated by
Charles S. Terry

Published in book form no less than fourteen times and the subject of seven films, this modern classic of Japanese popular literature is now available in English. Based on the life of Miyamoto Musashi, the noted swordsman, painter, and sculptor, Yoshikawa's novel has made *Musashi* and his story a part of Japan's living folklore. As Reischauer comments in the foreword, it is "a dashing tale of swashbuckling adventure and a subdued story of love, Japanese style ... [with] enough strange coincidences and deeds of derring-do to delight the heart of any lover of

adventure stories. ... But [Yoshikawa] sticks faithfully to such facts of history as are known. ... [Set] fully in the mainstream of traditional Japanese fiction and popular Japanese thought ... *Musashi* is not just a great adventure story. Beyond that, it gives both a glimpse into Japanese history and a view into the idealized self-image of the contemporary Japanese." 970 pages \$17.95

New Update of Hsu's Classic

Americans and Chinese

Passage to Differences

FRANCIS L. K. HSU

cloth \$22.50, paper \$9.95

Dr. Hsu has made two trips to China since the 1970 edition of his classic work was published. The new third edition updates aspects of American life as well as incorporating new observations on China. This is the first, and still the only, holistic study of large societies in the social sciences that systematically uses the comparative approach. "Using these cultures to criticize each other, he illuminates both." —*The New Yorker*

Anthology of Korean Literature

From Early Times to the Nineteenth Century

COMPILED AND EDITED BY PETER H. LEE

cloth \$24.00, paper \$12.00

This book makes it possible for Korean literature to be included in courses on Asian and comparative literature. The first work of its kind in English, it provides an equivalent of Donald Keene's *Anthology of Japanese Literature*. It offers a comprehensive sampling of the major genres of poetry and prose written from about A.D. 600 to the end of the nineteenth century.

As the Japanese See It

Past and Present

COMPILED AND EDITED BY MICHIKO Y.

AOKI AND MARGARET B. DARDESS

cloth \$17.50, paper \$7.95

This selection of readings for beginning students of Japan reveals aspects of Japanese society related to religion, family, community, and the state. Most of the material is modern, and nearly two-thirds of the 31 selections are not available in English elsewhere. The perspective is that of the Japanese people themselves, sharing their goals, ideals, ways of thinking, and responses to problems that confront people of all cultures.
